Lane closures on Roosevelt Road in Elmhurst

CHICAGO – The Illinois Department of Transportation announced today that two bridge improvement projects over Salt Creek in Elmhurst, will begin, weather permitting, Tuesday, March 10.

To accommodate the work, Roosevelt Road (Illinois 38) from Butterfield Road (Illinois 56) to York Road will be reduced to two lanes in each direction. In addition, Bush Hill Road will be reduced to a single lane between Butterfield and York roads, with a temporary traffic signal conducting the flow of traffic through the area.

The project, which consists of expansion joints replacement, deck repairs and a new deck overlay and approaches for both bridges is expected to be completed in July.

Motorists can expect delays and should allow extra time for trips through this area. Alternative routes are strongly encouraged. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
