Illinois 117 prep work begins March 12

Resurfacing between Goodfield and Eureka set later this year

EUREKA – The Illinois Department of Transportation announces that work to prepare Illinois 117 between Goodfield and Eureka for resurfacing begins March 12.

The work involves tree removal and relocation of utilities and will require intermittent lane closures. The entire project is expected to be complete in November.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
