Work on Illinois 29 in Peoria begins March 25

PEORIA – The Illinois Department of Transportation announces that construction on Illinois 29 about a half-mile north of Lorentz Avenue in Peoria begins March 25.

The work involves improvements to sidewalks, curbs and drainage structures and will reduce Illinois 29 to one lane in each direction. Two-way traffic in the northbound lanes will be maintained by barriers. The project is expected to be complete by June 1.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
