Work on McClugage Bridge begins March 23

PEORIA – The Illinois Department of Transportation announces that construction on the McClugage Bridge, which carries U.S. 150 over the Illinois River, begins March 23.

The work involves repairs to the bridge deck and will require daily closures of one to two lanes. The project is expected to be complete March 27.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
