## McClugage pothole patching set April 6

**PEORIA** – The Illinois Department of Transportation announces that pothole patching on the McClugage Bridge, which carries U.S. 150 over the Illinois River, begins April 6.

The work will begin at 8 a.m. in the eastbound lanes from Harvard Street in Peoria to the Illinois 116 interchange in East Peoria and will reduce U.S. 150 to one lane. It's expected to be complete by 3 p.m.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
