Central Road bridge rehab begins June 1

CHICAGO – The Illinois Department of Transportation announced today that the rehabilitation of the Central Road bridge over the Des Plaines River, in Main Township, will begin, weather permitting, Monday, June 1.

In order to complete the work, traffic on the bridge will be reduced to a single lane with a width restriction of 9 feet, controlled by a temporary traffic signal.

The project, which consists of deck and joint repairs and the installation of a new deck overlay, is expected to be completed in early September.

Motorists can expect delays and should allow extra time for trips through this area. Alternative routes are strongly encouraged. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
