Halsted Street over I-57 repairs begin Monday

CHICAGO– The Illinois Department of Transportation announced today that a deck overlay and pier patching project on the Halsted Street bridge over Interstate 57, in Chicago, will begin, weather permitting, Monday, June 1.

In order to complete the work, Halsted Street between 97th Street and 101st Street will be reduced to one lane in each direction. Motorists can also expect periodic overnight lane closures on I-57 at Halsted Street. Access to businesses in the work zone will be maintained throughout construction.

The project is expected to be completed in August.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
