Old Western Avenue resurfacing begin this week

CHICAGO – The Illinois Department of Transportation announced today that starting this week the resurfacing of Old Western Avenue, from Broadway Street to Western Avenue, in Blue Island, will require daytime lane closures.

The project, which involves patching, resurfacing and constructing new ADA-compliant sidewalk ramps, is expected to be completed in late June. Access to residences and businesses within the work zone will be maintained throughout construction.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
