Lane Closures at Joliet Road and Willow Springs Road

CHICAGO – The Illinois Department of Transportation (IDOT) announced daytime lane closures will be taking place at the intersection of Joliet Road (Historic U.S. 66) and Willow Springs Road, in Countryside, for traffic signal work, beginning, weather permitting, on Nov. 18.

The project will completely rebuild and modernize traffic signals at the intersection by installing new traffic signal equipment and LED signal heads. The work will be completed in Summer 2016.

Motorists can expect delays during times when the lane closures are in effect and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signing in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
