IDOT: Weekend Closures on WB Ontario Feeder to OB Kennedy for Installation of Beams May 16 - 19

CHICAGO – The Illinois Department of Transportation (IDOT) announced that weather permitting, the westbound Ontario Street feeder ramp will be reduced to one lane, and access to the outbound Kennedy will be closed to motorists beginning Friday, May 16, 2014 at 10 p.m. until 5 a.m. Monday, May 19, 2014.

The closure is due to the ongoing work on the Ohio Street Bridge Project to install new precast concrete deck beams. Traffic will be detoured on to the inbound Kennedy Expressway to EB Taylor Street to outbound Kennedy Expressway.

Motorists can expect delays during this closure and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signing in the work zones, obey the posted speed limits, and be on the alert for workers and equipment.

Find details on other construction projects in IDOT's District 1 at www.dot.state.il.us. Updates on the impacts to traffic are available at www.travelmidwest.com.
