Dixon, IL – The Illinois Department of Transportation announces today that construction work on River Drive/Third Avenue in Moline will begin on Tuesday, September 2, 2014. McCarthy Improvement Company is the contractor for the \$6.9 million project to reconstruct the section of River Drive from 19<sup>th</sup> Street to 23<sup>rd</sup> Street.

The initial work will not significantly impact traffic flow as the contractor will spend the first week delivering materials to the work site and working on items away from the travel lanes. Motorists should be alert for construction activity along the roadway and for slow moving construction vehicles.

On Monday, September 8, 2014, River Drive and the ramps to and from I-74 will be closed. The contractor will be removing all of the existing roadway, placing new water mains, sanitary sewers, storm sewers, and concrete pavement. Traffic to and from I-74 will be directed to the Seventh Avenue interchange.

The project is scheduled to be completed by December 5, 2014.

Please slow down and use extreme caution while driving through all work zones.
