Dixon, IL – The Illinois Department of Transportation announces today that weather permitting, lane closures will be installed on the US 67 Centennial Bridge on Tuesday, September 8, 2015 as the project to make structure repairs begins its final stage.

The bridge will be restricted to one lane in each direction as General Constructors, Inc. of the Quad Cities completes the \$3.35 million contract to make structural repairs. Work is scheduled to be completed by September 25, 2015.

Please slow down and use extreme caution while driving through all work zones.
