Dixon, IL – The Illinois Department of Transportation announces the following update to the construction work on the US 67 Centennial Bridge over the Mississippi River between Rock Island and Davenport.

Complications have developed with the final repairs, so the opening of all lanes across the bridge will be delayed for approximately two weeks. Construction equipment will be removed from the bridge deck so the closed lanes are available for the Quad Cities Marathon this coming weekend.

Please slow down and use extreme caution while driving through all work zones.
