Road Restriction Information: Start Date: 05/26/2015 Stop Date: 11/30/2015

Contract #: 70717  New  Revised  Delete

Contract Value: \$9,848,892.32 Contractor: Open Road Paving

Type of Construction: Lane Reduction/Lane Closure Lanes/Ramp Closed: 1 WB, 1 EB

Suggestions to Motorists:

Contractors will continue patching, milling and resurfacing and improving safety shoulders from the DeWitt County Line to 1.2 miles west of Champaign County Line in Piatt County. They will also start stage constructed bridge work at 2 locations in both the EB and WB lanes. Stage I work will begin in the passing lanes which will involve a width restriction at SN 074--0037(EB) and SN 074-0038(WB) near Farmer City. When work is done in the passing lanes, Stage II work will begin in the driving lanes involving the same structures. Once the Stage II work is completed in this area, the contractor will move to the second location near Mansfield.

The second location involves the same type of work as the first location but will be at SN 074-0042(EB) and SN 074--0043(WB) near Mansfield. Work will also begin in the passing lane for Stage I and will be completed after all work has been completed in the driving lanes (Stage II).

Traffic Alert (Special Comments):

There are no interchanges between these two sets of structures therefore no permit loads will be able to exit between the 2 locations. All traffic is asked to be cautious, slow down and obey traffic signs. Trucks will be entering and leaving the worksite.
