Stevenson Drive Ramp Closure

Springfield, Illinois

Location – Stevenson Drive Interchange with I-55 southbound lanes.

Construction will begin on Monday September 15, 2014 at 6:00 a.m in the morning. At this time the Stevenson Drive entrance ramp for accessing the I-55 southbound lanes will be closed to traffic. The closure is necessary in order to complete an extension of the southbound entrance ramp to facilitate a longer merging lane. Traffic will be directed by marked detour signing. The project is expected to be completed in late September, weather permitting.

The contractor for this \$1,506,586 project, is Illinois Valley Paving of Springfield, Illinois.

Motorists are urged to slow down and use extreme caution while driving through this construction site and all work zones.
