PRESS RELEASE

St. Clair County

Location – East St Louis

The Illinois Department of Transportation announces that beginning Monday, March 30, 2015, both the southbound and northbound lanes of I-255 between IL 157 and IL 15 will be restricted from three lanes down to two lanes. These lane restrictions will be limited to Monday through Thursday each week and all lanes will be open Friday through Sunday. This work is necessary to complete repairs to the existing bridge over Church Street, and this initial work will be completed by April 13, 2015.

Additional lane closures will be required after April 13 to complete the project; however, two lanes will remain open in both directions throughout this construction. All work is expected to be completed by September 1, 2015.

Please use caution while traveling through the work zone.

The contractor on this project is Plocher Construction from Highland, IL. Joseph G. Gasaway is the Supervising Field Engineer for the Illinois Department of Transportation in the area. If you have any questions concerning this project, you may contact him at 618/346-3354.
