PRESS RELEASE

Mozier, IL

Location – IL 96 from Hamburg Rd to Pike County Line

The Illinois Department of Transportation has announced that lane closures will occur in both directions on IL 96 from Hamburg Rd to the Pike County line in Calhoun County beginning August 24, 2015, weather permitting. Traffic will be reduced to one lane. These lane restrictions are necessary to complete the milling and resurfacing of the existing pavement through November 30, 2015.

The Department asks that motorists be patient, reduce speed, and use extreme caution when traveling near and throughout this work zone. Please allow for extra time when travelling in this location and watch for stopped traffic ahead. Additional signing, traffic control devices and flaggers will be provided to assist motorists through the work zones.

The contractor on this project is Illinois Valley Paving. If you have any questions concerning this project, please contact John Adcock, Supervising Field Engineer for the Illinois Department of Transportation, at 618 346-3352.
