PRESS RELEASE

US 50 Clinton County Carlyle & Breese IL

Location – The Illinois Department of Transportation announces that on October 16, 2015 road construction will begin on US 50 to patch areas where the pavement is failing between Breese and Carlyle. This will require that US 50 be reduced from two lanes to one at times through October 23, 2015.

The Department asks that motorists look for Road Construction Ahead signs, reduce speed, watch for slow moving or stopped traffic, and use additional caution when traveling near and throughout this work zone. Motorists will be directed by flaggers while the contractor is working.

The contractor on this project is Keeley and Sons of E. St. Louis, IL. If you have any questions concerning this project, please contact Steve Putz, Supervising Field Engineer for the Illinois Department of Transportation, at 618-346-3350.
