PRESS RELEASE

Troy, IL

Location – Interchange Ramps at I-55/70 and IL 162

The Illinois Department of Transportation has announced that select ramps at the interchange of I-55/70 and IL 162 will be closed at various times on Wednesday night, August 26, 2015, between the hours of 10:00 PM – 5:00 AM the following morning, weather permitting. Traffic will need to find alternate routes around the ramp closures as they occur. Lane restrictions will also take place on the bridge carrying IL 162 over I-55/70. All lanes will be opened by 5:00 AM on Thursday morning. These ramp closures and lane restrictions are necessary to seal the bridge deck.

The Department asks that motorists be patient, reduce speed, obey all warning signs, and use additional caution when traveling near and throughout this work zone.

The contractor on this project is Lion Construction from Pembroke, Illinois. John Scheibal is the Supervising Field Engineer for the Illinois Department of Transportation in this area. If you have questions concerning this project you may contact him at 618-346-3353.
