## PRESS RELEASE

IL 108 in Greene County

Location – IL 108 from the Illinois River to Carrollton

The Illinois Department of Transportation announced that lane closures will occur in both directions on IL 108 from the Illinois River to Carrollton beginning August 17, 2015, weather permitting. Traffic will be reduced to one lane. These lane restrictions are necessary to complete the pavement preservation of the existing pavement through October 31, 2015.

The Department asks that motorists be patient, reduce speed, and use extreme caution when traveling near and throughout this work zone. Please allow for extra time when traveling in this location and watch for stopped traffic ahead. Additional signing, traffic control devices and flaggers will be provided to assist motorists through the work zones.

The Contractor on this project is A.C. Pavement Striping Company of Elgin, Illinois. John Adcock is the Supervising Field Engineer for the Illinois Department of Transportation in this area. If you have any questions concerning this project, you may contact him at (618) 346-3352.
