PRESS RELEASE

IL 255 in Madison County

Location – IL 255 from IL 143 to IL 140

The Illinois Department of Transportation announced that lane closures will occur in both directions on IL 255 from IL 143 near Wood River to IL 140 near Bethalto beginning May 26, 2015, weather permitting. Traffic will be reduced to one lane. These lane restrictions are necessary to complete the micro-surfacing of the existing pavement through July 31, 2015.

The Department asks that motorists be patient, reduce speed, and use extreme caution when traveling near and throughout this work zone. Please allow for extra time when traveling in this location and watch for stopped traffic ahead. Additional signing and traffic control devices will be provided to assist motorists through the work zones.

The Contractor on this project is Microsurfacing Contractors, LLC of St. Louis, Missouri. John Adcock is the Supervising Field Engineer for the Illinois Department of Transportation in this area. If you have any questions concerning this project, you may contact him at (618) 346-3352.
