PRESS RELEASE
****REVISED****

I-64 in St. Clair County
Mile Markers 19-22

Location - I-64 from 1.3 miles west of IL 158 to 2.1 miles east of IL 158 – The Illinois Department of Transportation is pleased to announce that lane restrictions will not be encountered along both eastbound and westbound I-64 between mile markers 19 and 22 until Spring 2015 for the Rieder Road Interchange Project. The Department and Contractors have revised the construction schedule to limit the impact on the traveling public. This new schedule will allow for improved traffic flow during the busy holiday season along with safer travel in the area during snow and ice events.

The contractor on this project is The Kilian Corporation/Keeley and Sons Joint Venture from Mascoutah, Illinois. If you have any questions concerning this project, contact Steve Putz, Supervising Field Engineer for the Illinois Department of Transportation, at 618/346-3350.
