Press Release

McKinley Bridge - Venice, IL

Collinsville, Illinois – The Illinois Department of Transportation announces that a daytime lane restriction will be encountered on the McKinley Bridge on Wednesday, November 4, 2015. The lane restriction is needed to perform a bridge inspection.

Weather permitting, the lane restriction will take place as follows:

The lane restriction will be in the westbound lane from 9:00 a.m. to 1:00 p.m. The eastbound lane will be utilized to allow both eastbound and westbound traffic to pass through the work zone during this time period, with a flagger crew directing traffic.

As the McKinley Bridge is a two lane facility, traffic delays are anticipated, and drivers are encouraged to consider alternate routes.

Traffic control devices will be utilized during this lane restriction, to assist motorists making their way through the work zone. The Department asks that all motorists be patient, reduce speed, and use additional caution when traveling near and through the work zone.

Additional information is available at www.stl-traffic.org.

For IDOT District 8 updates on Twitter, follow us at <https://twitter.com/IDOTDistrict8>.

Please slow down and use extreme caution while driving through all work zones.

WORK ZONE SAFETY
IT'S YOUR RESPONSIBILITY
