I-64 WB at IL 158 Interchange

Right Lane Closure

COLLINSVILLE, ILLINOIS – The Illinois Department of Transportation announces a lane closure will be implemented on WB I-64 at the IL 158 interchange. The right lane will be closed beginning at 9 AM on Tuesday, December 8, 2015. This lane closure will remain in place until 5 PM on Thursday, December 10, 2015. Full access will remain available within this interchange throughout the project.

The lane restriction is necessary to perform essential pavement patching. The Department's District 8 Belleville Operations forces will perform the repairs.

Traffic control devices will be deployed to guide traffic safely through the work zone. Travelers are advised to consider alternate routes or allow additional travel time. Those motorists that must use this path are urged to be patient, reduce speed and exercise added caution near and through the work area. Travel times will be affected on most roadways around this lane closure.

The latest information on roadway closures throughout Illinois and the Metro East is available at www.stl-traffic.org/.
