

Terms & Conditions
Illinois Department of Transportation (IDOT) Local Unit of Government (LUG)
Sale

KNOW WHAT YOU AGREE TO!

IDOT offers used IDOT vehicles, equipment (25+ horsepower, self-propelled) and attachments for sale. Per [20 ILCS 2705/2705-575](#), once this equipment has cleared other State Agency offerings, it will be offered to LUGs as defined by Article VII of the Illinois State Constitution are “counties, municipalities, townships, special districts, and units; designated as units of local government by law, which exercise limited governmental powers or powers in respect to limited governmental subjects, but does not include school districts.” Items are made available via sealed bid auction.

IDOT has final decision on all awards for this sale. No bid protests shall be considered. No exchanges, trades, or refunds. All sales are final. No onsite previews. No other equipment condition information (runs, starts, etc.) is available other than what is described for each item on the auction website.

Condition of Property/Equipment

Condition of equipment is defined as “unknown.” No other equipment condition information (runs, starts, etc.) is available other than what is described for each item on the auction website. Condition of property offered for sale is not warranted. Deficiencies, when known, have been indicated in the property descriptions. However, absence of any indicated deficiencies does not mean that none exists. There will be no preview of this equipment. Equipment is sold “as is, where is” and no warranties are expressed or implied. All sales are final. IDOT, at its discretion, may remove equipment from sale due to economic or safety reasons.

IDOT further cautions bidders that the state’s written description represents the state’s best effort to describe the item based on the information provided to it by the owning agency. Therefore, gross omissions regarding the functionality of equipment, failures to cite major missing parts and/or restrictions with regards to usage may occur. The Government does not warrant the merchantability of the property or its purpose. The purchaser is not entitled to any payment for loss of profit or any other money damages - special, direct, indirect, or consequential.

Oral Statements and Modifications

IDOT has final decisions on all awards. Any oral statement or representation by any representative of IDOT, changing or supplementing the offering or contract or any condition thereof, is unauthorized and shall confer no right upon the bidder or purchaser. Further, no interpretation of any provision of the contract, including applicable performance requirements, shall be binding on IDOT unless furnished or agreed to, in writing by IDOT or its designated representative.

Bidding Process

The auction format will be a sealed bid auction. Bidders will be allowed to place one bid per item and will not see other bids. Once the auction ends, bidders will be notified if they were awarded the item.

Bids are only accepted in whole U.S. Dollar amounts. Do not enter dollar signs (\$) commas (,) or cents (¢). Please note the times displayed are **Central Standard Time (CST)**. Bidders are urged to review the bidding details. It is the responsibility of the bidder to follow-up on the status of his/her bid. When bidding on property via the LUG sale, funds or monies should be readily available; IDOT is not obligated to wait for bidders to arrange for financing and such action will result in termination of sale and award made to next highest bidder.

Consideration of Bid

It is the policy of IDOT to monitor bids and other activity. IDOT reserves the right to reject any and all bids at its sole discretion. Bids can be rejected for any reason, especially those containing inaccurate, incomplete or

unverifiable information, or information which is deemed to have been given in bad faith. IDOT monitors for suspicious bids. Such bids are subject to investigation and cancellation at any time. If a posted bid is deemed unacceptable to IDOT for any reason, the eligible bidder with the next highest bid, who is in compliance with the online terms and conditions, will become the current high bid. It is a violation of law to submit bids using a false name or any other fraudulent information, and such bids may not be processed, even if IDOT initially accepts your electronic bid. Be aware that if you provide false information, IDOT will remove you from the database and pursue all legal means available to IDOT to prosecute.

Notification of Sale Results

Successful bidders will be notified by email and the winning bidder must immediately after the sale and upon receipt of the award email notification pay for an item and call to schedule pickup. Bid results will not be furnished via telephone or fax. It is the bidder's responsibility to follow-up on the status of his/her bid and to ensure that his/her email address and all registration data are kept accurate and up-to-date. If at any time, your information changes, it is your responsibility to update the appropriate information. Warning: IDOT is not responsible for failures by your Internet Service Provider. If any emails are undeliverable and returned due to an inaccurate email address, IDOT may remove such registrants from the database.

Terminated Auctions

It may be necessary to withdraw items from bidding due to public safety issues, emergencies, technical errors or uncontrollable circumstances. Auctions may also be terminated because the property is no longer available due to state agency needs; property becomes damaged; property is stolen, or property was improperly described. Items may be reoffered at a later date.

Reoffering and Resale of Items

Please be advised that items and equipment that are available in the LUG sale are considered property of IDOT until such time as it is awarded by the state. As such, and prior to award and removal, this property may not be advertised, offered, pre-sold or otherwise represented as the property of any bidder for personal gain, prior to the award, payment and full possession of items/lots by the awarded bidder. Actions made in violations of this warning may result in legal action and prosecution against the awarded bidder, by IDOT.

Blocked from Bidding

In the event bidders provide false information, bid using unacceptable/profane usernames, or default for non-payment or non-removal, they will lose all rights to place bids for other items for a one year period. With regards to improper usernames, the bidder will be contacted and asked to re-register using a more appropriate username and the "offensively named" account will be blocked to prevent further use.

Default – Failure to pay or schedule pickup

Bidders are cautioned to bid only on items they are prepared to pay for and remove in accordance with the online sale terms and conditions of this sale. All awarded items, or "Lots", must be paid for and have a removal appointment scheduled within five (5) business days from the auction ending date and time. Furthermore, all items within a lot must be removed at the scheduled time and date of removal. Failure to pay for and remove all awarded items, or all items within a lot could result in termination of the contract, and the Department moving on to the next high bidder.

Payment and Removal Timeframes

If you are awarded an item by IDOT, you have responsibility to pay for the item or lot that you were awarded as notified after the sale, and schedule the removal of equipment within five (5) business days from the posted auction ending date and time. After payment is accepted and processed, an email or "Bidders Receipt" will be directed to

the email account on file for this auction. PRINT and RETAIN this PAID RECEIPT CONFIRMATION. This document shall be marked "PAID" and is your authority to remove equipment. **Please bring a copy of your "PAID" receipt document to claim your purchase.** State will not release equipment without paid receipt.

Forms of Payment

If a LUG is awarded an item, they will be required to pay for the item with a check drawn on the LUG account. The check must be made payable to Treasurer State of Illinois

PLEASE SEE "Additional terms and instructions to bidders" that follow.
