**AFFIDAVIT OF  
AVAILABILITY  
(BC 57)**

**Effective immediately, any Affidavit of Availability (BC 57) received on the older versions of the form or with attachments will be returned unprocessed. This will result in a delay in receiving your Authorization to Bid.**

*The information below appeared in the June and August Transportation Bulletins and is being repeated for your information.*

The Affidavit of Availability (BC 57) has been modified to include recent changes to the Rules for Prequalification of Contractors, Authorization to Bid and Subcontractor Registration. In addition to changing work category names to reflect changes to the rules, we are also providing the form in two formats. The form is available on the department's website as a [Microsoft Word document](#) and a [Microsoft Excel document](#). The Excel version was designed at the request of numerous contractors, and either version that suits your specific needs can be used.

The Word document has been changed to reflect the new nomenclatures for Hot-Mix Asphalt (HMA) Plant Mix, Paving and Concrete Construction. Some categories have been deleted to allow the addition of more commonly used categories. This form operates the same as the previous version and is two pages. The form will perform the calculations if it is filled in electronically.

The Excel format provides ten pages total; five pages of Parts I and II and five pages of Part III with the signature block. The same changes to the nomenclatures and the addition and deletion of work categories are on

**Illinois Department of Transportation**

this form. The formatting has been done to allow for carry-forward of the accumulated totals from page 1 to subsequent pages. This allows for accurate calculations when it is filled in electronically.

To assist us in providing the most expedient service to you, we are requesting your assistance by ensuring that we have complete and accurate information that will allow us to process your requests with little or no delay.

With the addition of the Microsoft Excel version of the BC 57, we will no longer be accepting the BC 57 with attached spreadsheets. The new form should meet the needs of the majority of our customers, the contractor.

If you have any questions concerning the use and changes to the BC 57, please contact the Prequalification Section at (217) 782-3413.

**ILLINOIS DOT  
OVERSIZE/  
OVERWEIGHT TRUCK  
PERMIT RULE CHANGES  
EFFECTIVE  
NOVEMBER 10, 2008**

The following recent changes to Illinois DOT's Permit Policy Manual (Part 554 Oversize and Overweight Permit Movements on State Highways) may affect trucks servicing the highway construction industry.

The 2006 edition of the rules can be found in its entirety on the IDOT web page (<http://www.dot.il.gov/road/trucks.html>). This website will be updated within the next couple of weeks to reflect the changes shown below.

**Weekend Hours of Movement Rule Change:**

Permit movements up to 12 feet wide and/or up to 13 feet 6 inches high, and/or up to 115 feet in length that do not exceed practical maximum weights (see Section 554.604) may be made Monday through Saturday from one half hour before sunrise to one half hour after sunset and on Sunday from one half hour before sunrise to noon, excluding specific holidays and holiday weekends.

**EXPLANATION:** Oversize permitted loads for state highways up to 12 feet wide and/or 115 feet long may now travel on state highways during daylight hours on weekends up to Sunday noon. However, it is up to each local highway agency as to whether they will allow the same for local roads.

**Definition of Violation of Permit Rule Change**

- a) When operating under authority of an oversize/overweight permit issued by the Illinois Department of Transportation, the following list includes but is not limited to offenses that shall be considered a violation of permit but will not render the entire permit null and void:

Failure to comply with the general and conditions, specific provisions, and notes listed on the permit.

EXCEPTION: Failure to comply with the general and specific provisions and notes pertaining to minimum axle spacing, as described on the permit application and accompanying permit, will be considered a load operating without a permit and the permit will be deemed fraudulent in accordance with Section 554.212(d).

EXPLANATION: Particularly with regard to Limited Continuous Operation permits issued by IDOT for overweight quarterly/annual permits, a load is considered operating WITHOUT a permit if it does not meet ALL the minimum spacing requirements on the permit.

Civilian Escort Vehicle Rule Change:

For all moves that exceed 18 feet in height

Illinois State Police Escort Rule Change:

For moves of greater than 200 feet in length

(Also previously ALL permit loads in excess of 230,000 automatically required State Police Escort. This policy is NO LONGER in effect).

Radioactive Materials Permit Rule Change:

Permits may be issued for the movement of an overweight and/or over width legal size container, empty or loaded, designed for transporting radioactive materials.

If you have questions, please contact the Permits Unit by telephone at (217) 782-6271.

**REMINDER,  
REMINDER,  
REMINDER:  
IDHR NUMBER  
RENEWAL**

All contractors must be registered or submit evidence of application with the Illinois Department of Human Rights (IDHR) prior to obtaining authorization to bid. IDHR numbers are valid for a five year period and must be renewed previous to their expiration date to remain in effect. According to Department records, the majority of the contractor IDHR numbers are due to expire in 2009. If a contractor does not have proof of a current IDHR number, they will not be granted authorization to bid. Please fax a copy of the IDHR renewal notification to the Prequalification Section at (217) 524-4922.

To re-register, contractors must file an Employer Report Form (IDHR PC-1) with IDHR. A form can be obtained in one of the following ways:

- Telephone the IDHR Public Contracts Unit at (312) 814-2431 between Monday through Friday, 8:30 a.m. – 5:00 p.m., central time. (TDD: (312) 263-1579)

- 
- Download the form from Internet at [www.state.il.us/dhr/Forms/PCI Form.doc](http://www.state.il.us/dhr/Forms/PCI Form.doc)
  - Write to the Illinois Department of Human Rights, Legal Division – Public Contracts Unit, 100 West Randolph Street, Suite 10-100, Chicago, IL 60601

### **CONTRACTOR OF THE YEAR**

Following past tradition, Contractors of the Year will receive their awards from Secretary Milton Sees at the meetings of various contractor associations. A photo exhibit of statewide projects nominated for the 2008 program will on display at these meetings. The exhibit will also be on display in the lobby of the Harry R. Hanley Building beginning January 16, 2009.

### **INSURANCE REQUIREMENTS ON LOCAL ROADS AND STREETS' PROJECTS**

All Local Roads and Streets' contracts contain a Special Provision (LR-107-4) requiring the contractor to name listed entities as an additional insured under the contractor's general liability insurance policy in accordance with [Article 107.27](#) of the Standard Specifications for Road and Bridge Construction.

Contractors with "blanket" certificates of insurance will need to have any necessary endorsements in place and submitted to the Contracts Office before the contract can be executed. Local Roads and Streets' contracts can be identified by the second digit of the contract being an odd number. Some contractors have not been submitting the required insurance, which causes delays in execution of the contract. Please contact Nancy Knapp or Ryan Sheley at (217) 782-7806 if you have any questions.

### **CHANGE IN SUBMITTAL TIME FOR SUBSTANCE ABUSE PREVENTION PROGRAM CERTIFICATION (FORM BC 261)**

The Department has changed where and when the Substance Abuse Prevention Program (SAPP) Certification ([Form BC 261](#)) for the contractor is to be submitted. Please **submit to the district** no later than the preconstruction conference. **This is a change in the submittal time: the SAPPs are not to be submitted with the bid.** The contractor must submit the SAPP for each subcontractor along with the Request for Approval of Subcontractor ([Form BC 260-A](#)). Please see the Special Notice elsewhere in this Bulletin. If you have any questions, please contact Ryan Sheley at (217) 782-7806.

### **STAY INFORMED**

The checklist also identifies withdrawn and deleted items. The checklist is published regularly whenever addenda are processed.

### **IDOT Aeronautics Unit Price Tabulation of Bids**

The Aeronautics Unit Price Tabulation of Bids is a listing of all unit price bids on awarded jobs for the letting, sorted by letting item. The listing identifies the actual bidders, the as-read bid amounts, the corrected bid amounts (if applicable) and the low bidders. The listing is not published until jobs are awarded. Typically, Unit Price Tabulation of Bids listings begin to be published four to eight weeks after the letting, excluding the federal discretionary seeking projects placed on the March and August lettings. These may take several months before funds are secured and the projects awarded.

### **IDOT As Read Tabulation of Bids**

The IDOT As Read Tabulation of Bids is a listing of bids as they were read at the bid opening. The bid amounts are not checked at the time this listing is produced. This listing also includes a page which identifies all letting items for which the as read low bid was, prior to a post letting review, within a reasonable approximation of the Engineer's estimate. The listing is usually published by 4:30 p.m. of the day of the letting.

### **IDOT Bituminous Price Index**

CBID files are put on the Website as they become available. **It is your responsibility** to determine which, if any, addenda pertains to any project you may be bidding. **Failure to incorporate all relevant addenda may cause your bid to be declared unacceptable.** Note that the CBID filename is the same as the IDOT Contract Number. Please refer to the Transportation Bulletin – Notice of Letting for the correct contract number.

### **IDOT Construction Contractor's Transportation Bulletin – Notice of Letting**

The IDOT Construction Contractor's Transportation Bulletin – Notice of Letting is the official publication and invitation for construction bids by the Illinois Department of Transportation's Division of Highways, IDOT Division of Aeronautics and the Illinois Department of Natural Resources. The bulletin will be published on the advertised publish date for each regularly scheduled letting. Special lettings will have applicable bulletins published at least 14 days prior to the letting on an as needed basis.

### **IDOT Corrected Tabulation of Bids**

The IDOT Corrected Tabulation of Bids is a listing of all bids for the letting, sorted by letting item. All bids have been recalculated and checked before this listing is produced. The listing identifies the eligible bidders, the actual bidders, the as-read bid amounts, the corrected bid amounts (if applicable) and the low bidders for the letting. The listing is usually published within 14 days after the letting.

### **IDOT Federal Wage Rates Listing**

The IDOT Federal Wage Rates listing identifies the current federal wage rates to be used by contractors for preparing bids whenever the construction activities are federally participating. The federal wage rates will be published 10 days prior to the letting date.

### **IDOT For Bid List of Bidders**

The IDOT For Bid List of Bidders is a compilation of all potential bidders who have been authorized to bid on each letting item for each letting. A separate list is compiled for each letting and the list is sorted by letting item. The list will be published several times with the last time being one day prior to the letting.

### **IDOT Letting Plans**

The IDOT Letting Plans (and proposals) are available for download on the IDOT Web Site. Go to the Letting & Bidding Information page at: <http://www.dot.il.gov/desenv/delett.html> And select the current Letting date. Plans are posted as they become available.

### **IDOT Letting Proposals (Specifications)**

The IDOT Proposal is a booklet that contains the bidding package, schedule of prices, specifications and wage rate information for a selected job included on the letting. Some of these Proposals contain fold up (FUP) plans for the jobs. Although the Proposal contains all necessary information needed to bid, Authorization to Bid must be requested and received prior to the letting for a bid to the Department to be considered. Bids submitted without Authorization to Bid will **NOT** be considered. Proposals are available for download on the IDOT Web Site. Go to <http://www.dot.il.gov/desenv/delett.html> and select the current Letting date. Proposals are posted as they become available.

### **IDOT Local Roads Contractors Bulletin**

For each pay item, the listing identifies the quantity, letting item number, contract number, county, IDOT district office and the unit of measure. This report has an added column which is the awarded unit price of each item. The Pay Item Report with Awarded Prices will be published after the last item on the letting is awarded.

### **IDOT Unit Price Tabulation of Bids**

The IDOT Unit Price Tabulation of Bids is a listing of all unit price bids on awarded jobs for the letting, sorted by letting item. Whereas the As Read Tabulation of Bids and the Corrected Tabulation of Bids provide the sum total amount bid for each letting item, the Unit Price Tabulation of Bids provides the break down of all bids per line item unit price, and it is only provided for awarded jobs. The listing identifies the actual bidders, the as-read bid amounts, the corrected bid amounts (if applicable) and the low bidders. The listing is not published until jobs are awarded. **2. ILLINOIS UNIFIED CERTIFICATION PROGRAM DBE DIRECTORY**

Pursuant to the requirements of the federal regulations, all state transportation agencies that receive federal-aid funds are required to implement a “one-stop” certification process for DBEs. As a result of this requirement, IDOT, together with the City of Chicago, CTA, Metra and Pace, has established the Illinois Unified Certification Program (IL UCP).

The IL UCP maintains a DBE Directory to provide a reference source to assist bidders/proposers in meeting DBE contract goals. The DBE Directory lists the DBE-certified firms in alphabetical order with their address, contact information and specialty of work. It is the responsibility of the prime contractor/consultant to make his/her own determination regarding the capability of a DBE firm. Only those firms certified as of the letting date/bid opening may be utilized in meeting a DBE contract goal.

**3. Supportive Services Consultants**

The Bureau of Small Business Enterprises administers the federal DBE program and ensures that external Equal Employment Opportunity, On-the-Job Training and Labor contract requirements are met. The goal of IDOT's Supportive Services program is to provide assistance that fosters opportunities for IDOT's DBE firms and minority and female individuals to participate in IDOT's transportation-related contracts.

The following consultants have contracts to provide supportive services assistance. These services are provided at no charge to IDOT's DBE firms, to those firms seeking IDOT DBE program certification, to IL UCP DBE-certified firms who have an IDOT contract(s), and to prime contractors doing business with IDOT.

**Management Assistance** - DBE firm recruitment, certification application assistance, business plan orientation workshops, business plan reviews and updates, finance, technology, marketing strategy, networking with prime contractors and expanding business opportunities.

**ABOUT IDOT PROPOSALS:** All proposals issued by IDOT are potential bidding proposals. Each proposal contains all Certifications and Affidavits, a **Proposal Signature Sheet** and a **Proposal Bid Bond** required for Prime Contractors to submit a bid after written **Authorization to Bid** has been issued by IDOT's Central Bureau of Construction. Small Business Set-Asides do not require **Authorization to Bid** or a **Proposal Bid Bond**.

**ADDENDA/REVISIONS:** Those contractors downloading proposals from the internet are responsible for checking the Department's web site (<http://www.dot.il.gov>) for any ADDENDA or REVISIONS that may effect the downloaded proposal. An Addenda/Revision tracking sheet is on the Department's web site and notification may be e-mailed, upon subscribing to Departments' subscription service. Once an Addendum or Revision is confirmed, the updated material may be downloaded from the internet. It is the contractor's responsibility to download the updated Proposal to receive the updated information.

**HOW TO OBTAIN ELECTRONIC PLANS & PROPOSALS?** Download from IDOT's website at <http://www.dot.il.gov>.

**WHO CAN BID?** Bids will be accepted from only those companies that request and receive written **Authorization to Bid** from IDOT. The preceding does not apply to items designated as Small Business Set-Asides.

**WHAT CONSTITUTES WRITTEN AUTHORIZATION TO BID?** When a prospective prime bidder submits this form, he/she must indicate at that time which items are being requested For Bidding purposes. Only those items requested For Bidding will be analyzed. After the request has been analyzed, the bidder will be issued a **Proposal Denial and/or Authorization Form**, approved by the Central Bureau of Construction, that indicates which items have been approved For Bidding. If **Authorization to Bid** cannot be approved, the **Proposal Denial and/or Authorization Form** will indicate the reason for denial. The preceding does not apply to items designated as Small Business Set-Asides.

**ABOUT AUTHORIZATION TO BID:** Firms that have not received an authorization form within a reasonable time of complete and correct original document submittal should contact the department as to status. This is critical in the week before the letting. These documents must be received by three days before the letting date. Firms unsure as to authorization status should call the Prequalification Section of the Bureau of Construction at the number listed at the end of these instructions for items subject to prequalification. For Small Business Set-aside items contact the Contracts Office. The preceding does not apply to items designated as Small Business Set-Asides.

That portion of the proposal that must be returned includes all documents from the Proposal Cover Sheet through the Proposal Bid Bond and other special documentation and/or information that may be required by the contract special provisions. All proposal documents, including Proposal Guaranty Checks or Proposal Bid Bonds, should be stapled together to prevent loss when bids are processed by IDOT personnel.
