SOURCE OF THE MOTOR FUEL TAX FUND

The Illinois Motor Fuel Tax (MFT) Fund is derived from a tax on the privilege of operating motor vehicles upon public highways and of operating recreational watercraft upon the waters of this State, based on the consumption of motor fuel.

The motor fuel taxes that are deposited in the Illinois MFT Fund are:

a. 19.0 cents per gallon
b. 2.5 cents per gallon on diesel fuel in addition to the tax in (a) above.

The Department of Transportation allocates these monies according to the provisions outlined in the MFT fund distribution statute, 35 ILCS 505/8 and initiates the process for distribution of motor fuel tax to the counties, townships, and municipalities.

Each month a warrant is issued to each county treasurer in the amount of the county’s share of Motor Fuel Tax Fund collected for the preceding month. Monthly distributions are posted on the department’s website.
DISTRIBUTION OF THE MOTOR FUEL TAX FUND

The money deposited each month in the state Motor Fuel Tax Fund shall be distributed as follows:

a. 2 1/2 cents per gallon tax on diesel fuel is transferred to the State Construction Account Fund.

b. $420,000 per month is transferred to the State Boating Act Fund. This money is used by the Department of Natural Resources for the purposes specified in Article X of the Boat Registration and Safety Act, 625 ILCS 45/10-1.

c. $3,500,000 per month is transferred to the Grade Crossing Protection Fund. This money is used by the Department upon order of the Illinois Commerce Commission to pay part of the expense of providing grade crossing protection at points where local public highways cross railroads.

1. Each fiscal year not less than $12,000,000 shall be used for construction or reconstruction of rail/highway grade separation structures;

2. Each fiscal year $3,000,000 shall be transferred to the Transportation Regulatory Fund and shall be accounted for as part of the rail carrier portion of such funds and shall be used to pay the cost of administration of the Illinois Commerce Commission’s railroad safety program, with the remainder to be used by the Department of Transportation upon order of the Illinois Commerce Commission, to pay that part of the cost apportioned by such Commission to the State to cover the interest of the public in the use of highways, roads or streets in the county highway system, township and road district system or municipal street system.

d. A sufficient amount of money is reserved each month to pay:

1. The Department of Revenue for the costs of the MFT Law administration;

2. The Department of Transportation for administration and supervision of the use of MFT funds;

3. Refunds allowed by law;

4. $30,000,000/year into the Vehicle Inspection Fund ($15,000,000 on July 1 and October 1, or as soon thereafter as may be practical);

5. Amounts ordered paid by the Court of Claims; and

The remaining monies shall be allocated each month as follows:

a. 45.6% shall be deposited as follows:
   1. 37% to the State Construction Account Fund;
   2. 63% to the Road Fund, including $1,250,000/month to fund the Township Bridge Program.

b. 54.4% shall be distributed by the Department of Transportation as follows:
   1. 49.10% to the municipalities- apportioned in proportion to population;
   2. 16.74% to the counties having a population 1,000,000 or more (Cook County);
   3. 18.27% to counties having a population less than 1,000,000 – apportioned in proportion to motor vehicle license fees collected;
   4. 15.89% to the road districts/townships – apportioned to each in proportion to a total mileage of roads in the State.

EXPENDITURE OF THE ILLINOIS MOTOR FUEL TAX FUND

The expenditure of MFT funds requires the approval and supervision of the Department of Transportation. The county board must adopt a resolution appropriating the MFT funds. The resolution shall state how the funds will be used. The resolution shall be submitted to the appropriate IDOT district office for approval.

Engineering agreements require the Department of Transportation’s approval. The Department of Transportation’s approval of plans, specifications, and estimates of any construction project must be obtained prior to advertising it for bids, as well as prior to awarding any contract. When MFT funds are used for maintenance, the Department of Transportation’s approval of the maintenance estimate must be obtained prior to advertising the project for bids. All work requiring bids must be advertised in the Department of Transportation’s weekly Contractors Bulletin.

Please contact the Bureau of Local Roads and Streets in your IDOT district if you have any questions regarding MFT expenditures.
