Procurement of professional architectural, engineering, and planning services for airport improvement program
grant projects is covered by state and federal law (49 USC § 47107(a) (17) and 49 CFR § 18.36, as amended).
Sponsors intending to utilize state and federal funds to pay for professional services are required to conduct a
Qualifications-Based Selection (QBS) process when selecting an Architectural/Engineering (A/E) or planning
consulting firm. FAA guidance (150/5100-14E and 5100.380) allows for Sponsors to procure professional services
to complete multiple, phased grant projects through a single consultant selection process. These firms may be
retained for up to 5 years for their services.
