Qualified Producer List  
**CERTIFIED WELDED WIRE REINFORCEMENT**

July 31, 2020

**This list supersedes the June 19, 2020 list.**

*Standard Specifications for Road and Bridge Construction and Bridge Construction Articles 1006.10(current year issued)*

**Section 1006: Metals**

**1006.10 Reinforcement Bars, Welded Reinforcement, and Prestressing Steel Strand**  
**(b) Welded Reinforcement**

Note: The approval process is outlined in Policy Memorandum titled "Welded Wire Reinforcement/Bar Mat Plant Certification Procedure" which can be viewed at the following internet link <http://www.idot.illinois.gov/Assets/uploads/files/Doing-Business/Manuals-Guides-&-Handbooks/Highways/Materials/Metals/23-08.3weldedwirereinforcement.pdf>

Domestic Steel Act Applies:

All iron and steel products, which are to be incorporated into state projects shall be domestically manufactured or produced and fabricated. The Contractor shall obtain from the iron or steel producer and/or fabricator, in addition to the mill analysis, a certification that all iron or steel materials meet these domestic source requirements. The application of all coatings, epoxy, galvanizing, painting, etc., to metal products shall be domestically applied.

Illinois Department of Transportation  
Bureau of Materials

Qualified Producer List  
**CERTIFIED WELDED WIRE REINFORCEMENT**

July 31, 2020

This list supersedes the June 19, 2020 list.

Standard Specifications for Road and Bridge Construction and Bridge Construction Articles 1006.10 (current year issued)

**Section 1006: Metals**

**1006.10 Reinforcement Bars, Welded Reinforcement, and Prestressing Steel Strand  
(b) Welded Reinforcement**

**Submittal for Testing and Approval**

**A. Scope**

Before materials can be used for a Department project, the manufacturer/supplier must have a producer/supplier number assigned to their facility. The following guidelines are provided to clarify the submittal requirements and expedite the process.

**B. Procedure**

When requesting producer/supplier status with the Department, the following shall be included in the certification:

- Manufacturer name and internet address (if applicable),
- The specific product brand name, (if private label must provide original product name)
- Material Safety Data Sheet (if applicable),
- Technical Data Sheet,
- A signed letter stating the subject material will not be changed without written notification to the Department, and
- Contact person's name, title, address, email address, and phone number.

Depending on the material, test samples may be required to obtain a producer/supplier number. Please contact Mike Brydl at (217) 782-4666 for sample size as sizes vary depending on the material type. The sample and certification shall be sent to:

Mike Brydl  
Illinois Department of Transportation  
Bureau of Materials  
126 East Ash Street  
Springfield, IL 62704-4766

Any sample provided without the required information listed will not be tested. Any changes outside the manufacturer's original parameters will necessitate a new sample submittal.

Submitted materials will be tested according to the Department's current edition of the Standard Specifications for Road and Bridge Construction.

**C. Certification/Recertification**

Welded Wire Reinforcement/Bar Mat manufacturers are certified/recertified in accordance with Policy Memorandum 23-08.3 which can be found at the following internet link.

<http://www.idot.illinois.gov/Assets/uploads/files/Doing-Business/Manuals-Guides-&-Handbooks/Highways/Materials/Metals/23-08.3weldedwirereinforcement.pdf>
