GENERAL NOTES

This Standard is used where, at any time, pedestrian traffic must be rerouted due to work being performed.

This Standard must be used in conjunction with other Traffic Control & Protection Standards when roadway traffic is affected.

Temporary facilities shall be detectable and accessible.

The temporary pedestrian facilities shall be provided on the same side of the closed facilities whenever possible.

The SIDEWALK CLOSED / USE OTHER SIDE sign shall be placed at the nearest crosswalk or intersection to each end of the closure. Where the closure occurs at a corner, the signs shall be erected on the corners across the street from the closure. The SIDEWALK CLOSED signs shall be used at the ends of the actual closures.

Type III barricades and R11-2-4830 signs shall be provided on the same side of the closed facilities whenever possible.

Sidewalks and corner or crosswalk closures shall be detectable and accessible.

Temporary facilities shall be detectable and accessible within the traffic lane to be closed.

Sidewalks and corner or crosswalk closures shall be detectable and accessible within the traffic lane to be closed.

All dimensions are in inches (millimeters) unless otherwise shown.
