## FY11 Daytime & Nighttime Enforcement Totals Summaries (Agency by Campaign)

Each year, the Illinois Department of Transportation's Division of Traffic Safety (IDOT, DTS) provides enforcement agencies throughout the state of Illinois with grant funding for enhanced enforcement activities. These grant-funded local and state police enforcement agencies are required to focus their enforcement efforts on occupant protection and alcohol-related driving violations and other traffic-related violations. As part of their grants, the DTS requires that these agencies submit their detailed enforcement data in an accurate and timely fashion. DTS then uses this information to evaluate how each grant-funded enforcement agency performed throughout the year. **Table 1** provides a list of data items and their definitions that have been collected from each participated law enforcement grant-funded agency during the FY11 enforcement efforts (October 2010-September 2011).

<b>Table 1: A List of Selected Data Items</b>	
<b>Selected Items</b>	<b>Definition</b>
County	Self-explanatory
Agency Name	Self-explanatory

Total Patrol Hours Conducted	Self-explanatory
Total Citations Issued	Self-explanatory
Total Occupant Protection Citations	Self-explanatory
Total DUI Arrest	Self-explanatory
Total Speed Violations	Self-explanatory
Total Amount Reimbursed	Self-explanatory
Motorist Contact Rate (in Min.)	$(\text{Total Hours} / \text{Total Citations}) \times 60 \text{ minutes}$
% DUI Violations	$(\text{Total DUI} / \text{Total Citations}) \times 100$
% Occupant Protection Citations	$(\text{Total Occupant Protection} / \text{Total Citations}) \times 100$
% Speed Citations	$(\text{Total Speed citations} / \text{Total Citations}) \times 100$
Cost Per Patrol Hour	Total Amount reimbursed/total Hours
Cost Per Citation	Total Amount reimbursed/total Hours

**Tables 2-4** provides detailed data and information enforcement activities during the daytime and nighttime by selected data items. The shaded areas include the total number of activities by selected counties, followed by activities across the municipalities and local agencies within each selected county. These tables also include total Illinois State Police (ISP) and statewide enforcement activities (see the last page of each Table).

It should be noted that some of the local police agencies and ISP conducted additional belt and alcohol enforcement activities during the other holiday campaigns (beyond the required holiday campaigns listed in the tables).

**Table 2** provides detailed data on the combined daytime and nighttime enforcement activities. **Table 3** shows detailed data on the daytime-only enforcement activities and **Table 4** shows detailed data on the nighttime-only enforcement activities. The above tables are self explanatory and include enforcement activities and associated costs (cost per hour and cost per citation) by county, local agency, Illinois State Police (ISP) and campaign type. For example, on **Table 2**, Adams County has a total number of 924 patrol hours across six holiday campaigns. The only agency within this county that participated in six holiday campaigns was the Quincy Police Department that received \$52,482.5 from IDOT, patrolled a total of 924 hours, and issued 663 citations. The total cost per hour of enforcement and cost per citation were \$56.80 and \$79.16 respectively.

### **Overall Results**

During FY11, all the funded agencies conducted 158,186 patrol hours and issued 166,318 citations at a cost of \$9,619,672. The average cost per patrol hour was \$60.81, while the average cost per citation was \$57.84. More than 38 percent of all the citations issued were for occupant protection violations; 15.6 percent of all citations issued were for speeding; and 3.8 percent were issued for DUI. These agencies issued one citation for every 57.1 minutes of patrol. Looking at daytime and night enforcement activities, these agencies conducted 38,725 daytime patrol hours and 119,461 nighttime patrol hours. Over 75 percent of all enforcement was conducted at night. Furthermore, these agencies issued 53,467 citations during daytime patrol and 112,851 citations during nighttime patrol. While 75 of all enforcement activities were conducted at night, only 68 percent of all citations were issued at night. This is expected due to low volume of traffic and high enforcement concentration on alcohol related violators.
