Please describe your main reason for seeking membership on the Community Advisory Group (CAG).

I am submitting this request to become a member of the Community Advisory Group (CAG) for IDOT's I-270 over the Mississippi River Bridge project. I understand that CAG membership requires a commitment to: 1) be a liaison for the organization that I am representing, and not participating for personal gain or agenda; 2) provide input to IDOT in the development of a problem statement, identifying issues important to the community, and providing feedback on alternatives; 3) to attend all CAG meetings (or send a replacement); and 4) to participate in CAG group activities. I understand that these commitments may require a few hours every few months, potentially for several years.

I understand that IDOT is operating under a schedule for this study and that CAG meetings will be scheduled to coincide with other study activities. If I cannot fulfill my commitment to the CAG, then I understand IDOT may choose to replace me on the CAG in order for the CAG's work to proceed in a timely manner.

I understand that in order to function effectively, the CAG membership must, to the extent practical, represent a wide variety of interests in the community and be limited to the fewest members who represent those interests. I understand, therefore, that my submittal of this request form does not guarantee membership on the CAG.
