Lane Closures on Shermer Road from Waukegan Road to Dundee Road

CHICAGO – The Illinois Department of Transportation (IDOT) announced that lane closures will take place on Shermer Road from Waukegan Road (Illinois 43) to Dundee Road (Illinois 68), in Northbrook, beginning, weather permitting, Monday, May 23. The closures are necessary for a widening and resurfacing project.

In order to complete the work, Shermer Road will be reduced to one lane. Flaggers will direct traffic to pass in alternating directions. Prior to construction, utility work will require temporary, daily lane closures.

The scope of the project includes widening and resurfacing of the roadway, construction of shoulders and drainage improvements. The existing sidewalks will be removed and replaced with ADA ramps.

The project is expected to be completed in Fall 2016.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
