## **Night Closure on I-74 EB, East of Oakwood**

**PARIS** – The Illinois Department of Transportation announces that work will begin on Wednesday night, October 12 to set an overhead sign truss and message board just east of the Oakwood exit (206), in the eastbound lanes of I-74 in Vermilion County.

During construction, a minimum of one lane of traffic will be maintained on I-74 eastbound until a series of 2-15 minute road closures to set end supports and then to set the truss. The road closure will be done with the assistance of the State Police.

This work will begin around 10 PM and all lanes of traffic will be open by 6 AM Thursday, October 13, 2016. Changeable Message signs will be placed prior to work beginning to help alert the traveling public.

The overall project has an estimated completion date of October 15, 2017, weather permitting. The contractor for the \$1,778,804 project is Champaign Signal & Lighting Company.

Please slow down and use extreme caution while driving through all work zones.
