## Illinois 59 and Champion Road intersection improvements

**CHICAGO** – The Illinois Department of Transportation announced today that starting this week, improvements to the intersection of Illinois 59 and Champion Road, in Plainfield and Naperville, will require daytime, intermittent lane closures.

The project involves, installing modernized traffic signals, constructing new sidewalk and ADA-compliant sidewalk ramps and making drainage improvements. Access to businesses within the work zone will be maintained during the project, which is expected to be completed in Nov. 2021.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.

Over the next six years, IDOT is planning to improve more than 3,300 miles of highway and 8.4 million square feet of bridge deck as part of the Rebuild Illinois capital program, which is investing \$33.2 billion into all modes of transportation. Year One included approximately \$2.7 billion of improvements statewide on 1,706 miles of highway, 128 bridges and 228 additional safety improvements.
