Illinois 97 work in Menard County begins today

SPRINGFIELD – The Illinois Department of Transportation announced that construction on Illinois 97 from New Salem State Park to the Sangamon County line begins today.

The work will reduce Illinois 97 to one lane at times, with traffic control utilizing dynamic message signs, flaggers and barricades.

This project, made possible by Gov. JB Pritzker’s historic and bipartisan Rebuild Illinois capital program, includes resurfacing, guardrail improvement and shoulder upgrades. Motorists can expect a smoother driving surface with this work, which is expected to be complete mid-July.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.

Over the next six years, IDOT is planning to improve more than 3,300 miles of highway and 8.4 million square feet of bridge deck as part of the Rebuild Illinois capital program, which is investing \$33.2 billion into all modes of transportation. Year One included approximately \$2.7 billion of improvements statewide on 1,706 miles of highway, 128 bridges and 228 additional safety improvements.
