I-80 bridge washing to begin on April 18

DIXON – The Illinois Department of Transportation announces today that weather permitting, bridge washing on Interstate 80 over the Mississippi River in the Quad Cities will begin on Sunday, April 18, 2021. Interstate Maintenance Inc. of Charleston is the contractor for the \$185,114 project, which includes rewashing the bridge this fall.

Traffic will be reduced to one lane in each direction during the bridge washing, which will be completed during the nighttime. All lanes will be open during the daytime throughout the project, which is estimated to take two weeks to complete. Motorists should be alert for the lane closures, reduce speed and use extreme caution while driving through the work zone.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.
