Centennial Bridge inspections in Rock Island begin July 26

DIXON – The Illinois Department of Transportation announced today that weather permitting, an inspection of the Centennial Bridge carrying U.S. 67 across the Mississippi River in Rock Island County will begin Monday, July 26. The work will require daily lane closures through Friday, Aug. 6.

Work will begin on the northbound side of the bridge and the outer lane will be closed from Monday, July 26, through Friday, July 30. Work will later shift to the southbound side of the bridge on Monday, Aug. 2, and the outer lane will be closed through Friday, Aug. 6. The lane closures will be in place from 9 a.m. to 3 p.m. daily.

Motorists can expect delays and should allow extra time for trips through this area and be prepared for slow and stopped traffic. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.

Over the next six years, IDOT is planning to improve more than 3,535 miles of highway and 9 million square feet of bridge deck as part of the Rebuild Illinois capital program, which is investing \$33.2 billion into all modes of transportation. Accomplishments through Year Two included approximately \$5.2 billion of improvements statewide on 3,020 miles of highway, 270 bridges and 428 additional safety improvements.
