Springfield Avenue in Champaign closes today

Bridge repairs expected to last two months

CHAMPAIGN – The Illinois Department of Transportation announces that Springfield Avenue (Illinois 10) over Copper Slough, east of Duncan Road, in Champaign will close today, June 2.

The closure is necessary for repairs to the bridge and is expected to last approximately two months. A detour will be posted.

Access to local businesses will be maintained during construction. Prairie Gardens can be accessed east of the bridge on Springfield Avenue or from Duncan Road, while Prairie Materials and Illinois Brick Co. can be accessed from west of the bridge Springfield Avenue.

Passed in 2019, Rebuild Illinois is investing \$33.2 billion into the state's aging transportation system, creating jobs and promoting economic growth. Rebuild Illinois is not only the largest capital program in state history but also the first one that touches all modes of Illinois transportation: roads and bridges, transit, waterways, freight and passenger rail, aviation, and bicycle and pedestrian accommodations.

As part of the new [FY2022-27 Proposed Highway Improvement Program](#) released in July, IDOT is investing nearly \$21 billion to improve roads and bridges over the next six years, the second multi-year plan that reflects the impact of Rebuild Illinois.
