Adams Street lane closures begin May 10

PEORIA – The Illinois Department of Transportation announces that there will be lane closures on the bridges that carry Adams Street over railroad tracks just east of the Interstate 474 interchange beginning May 10.

The closures are necessary for soil samples to be taken at the bridges and are expected to last through May 21.

Motorists can expect delays and should allow extra time for trips through this area. To avoid the work area, when feasible, use of alternate routes should be considered. Drivers are urged to pay close attention to changed conditions and signs in the work zones, obey the posted speed limits, refrain from using mobile devices and be alert for workers and equipment.

Over the next six years, IDOT is planning to improve more than 3,300 miles of highway and 8.4 million square feet of bridge deck as part of the Rebuild Illinois capital program, which is investing \$33.2 billion into all modes of transportation. Year One included approximately \$2.7 billion of improvements statewide on 1,706 miles of highway, 128 bridges and 228 additional safety improvements.
