Dixon, IL – The Illinois Department of Transportation announces today that construction work is underway on IL 2 south of Rockton. Rock Road Companies is the contractor for the \$5.9 million project to reconstruct the intersection of IL 2 with Roscoe Road and realign the roadway north of the four lane section of IL 2. The one mile project is scheduled to be completed by mid-November.

The new intersection with Roscoe Road will have increased sight distance and turn lanes to improve safety. The transition from four lanes to two lanes will also be reconstructed and realigned to match in to the new intersection.

Motorists should be alert for slow moving construction vehicles as trucks and earthwork equipment have started building the new roadway. Drivers should also be prepared to stop for flaggers who will be directing traffic in the area throughout the construction season.

Please slow down and use extreme caution while driving through all work zones.
