No. 108

January 2009

INSURANCE REQUIREMENTS ON LOCAL ROADS AND STREETS' PROJECTS

All Local Roads and Streets' contracts contain a Special Provision ([LR-107-4](#)) requiring the contractor to name listed entities as an additional insured under the contractor's general liability insurance policy in accordance with Article 107.27 of the Standard Specifications for Road and Bridge Construction.

Contractors with "blanket" certificates of insurance will need to have any necessary endorsements in place and submitted to the Contracts Office before the contract can be executed. Local Roads and Streets' contracts can be identified by the second digit of the contract being an odd number.

Some contractors have not been submitting the required insurance, which causes delays in execution of the contract.

Please contact Nancy Knapp or Ryan Sheley at (217) 782-7806 if you have any questions.

BUILDING YOUR BUSINESS CONFERENCE

The attached [registration form](#) must be completed in order to attend the Building Your Business Conference on February 17, 2009. This event will be held at Caterpillar's Edwards Demonstration Center, 5801 North Smith Road, Edwards, IL 61528, from 8 a.m. to 4:30 p.m.

Please send the registration information to Kati Bailey via email at Kati.Bailey@illinois.gov or send by fax or regular mail. You will receive confirmation from IDOT. If you have any questions, please feel free to call Kati at (309) 671-3668 or Deputy Director Gloria Camarena at (312) 793-2965.

NEW REQUEST FOR AUTHORIZATION TO BID/ OR NOT FOR BID STATUS (BDE 124 INT) FORM

Effective immediately, any Request for Authorization to Bid/or Not For Bid Status received on the older versions of the form (BDE 124 INT) will be returned unprocessed. This will result in a delay in receiving your Authorization to Bid. The department has discontinued the sale of Letting Set CDs. The Request for Authorization to Bid/Not for Bid Status ([BDE 124 INT](#)) has been revised to reflect this change. Please be sure that you are using the new version of the form (Rev. 08/25/08). If you have any questions, please contact Ryan Sheley or Tim Garman at (217) 782-7806.

**REGISTRATION WITH
THE STATE BOARD
OF ELECTIONS**

[Public Act 095-0971](#) (Effective January 1, 2009) and Executive Order 3 (2008) establish new requirements affecting contributions that contractors, consultants, vendors and bidders, including affiliated persons and entities, may make to state officeholders, declared candidates for state offices and political organizations established to benefit such officeholders and candidates.

By submission of a bid, the bidder acknowledges and agrees that it has read and understands the requirements of Public Act 095-0971 and Executive Order 3 (2008), including but not limited to, all reporting requirements and all restrictions on soliciting and making contributions to state officeholders, declared candidates for state offices and covered political organizations that promote the candidacy of an officeholder or declared candidate for office. Please also take note of the special notice in the Notice of Letting Transportation Bulletin.

**PROFILE EQUIPMENT
VERIFICATION (PEV)
PROGRAM**

The Bureau of Materials and Physical Research will be conducting the Profile Equipment Verification (PEV) program again in the spring of 2009. The PEV program was established to address changes to the Special Provision for Surface Testing of Pavements that were made effective as of the August 5, 2005 letting. These changes require any Contractor on a project using this Special Provision (0.00-inch Blanking Band) to verify their profile equipment through the PEV program. This also applies to equipment used by a Subcontractor on the project.

The 2009 PEV program will be held at the Rantoul Airport, with tentative scheduling for the weeks of April 20 and 27, 2009. Participants in last year's program will need to have their profile equipment re-verified (this is an annual program). If you or a subcontractor have profile equipment to be verified, please contact the following individual for scheduling (NOTE: No walk-ins will be allowed):

REMINDER:

IDHR NUMBER
RENEWAL

All contractors must be registered or submit evidence of application with the Illinois Department of Human Rights (IDHR) prior to obtaining authorization to bid. IDHR numbers are valid for a five year period and must be renewed prior to their expiration date to remain in effect. According to Department records, a majority of contractor's IDHR numbers are due to expire in 2009. If a contractor does not have proof of a current IDHR number, they will not be granted authorization to bid. **Please fax a copy of the IDHR renewal notification, which includes your number and new expiration date, to the Prequalification Section at (217) 524-4922.**

To re-register, contractors must file an Employer Report Form (IDHR PC-1) with IDHR. A form can be obtained in one of the following ways:

- Telephone the IDHR Public Contracts Unit at (312) 814-2431, Monday through Friday, 8:30 a.m. to 5:00 p.m., Central Time. TDD: (312) 263-1579
- Download the form from the internet at www.state.il.us/dhr/Forms/PC1_Form.doc
- Write to: Illinois Department of Human Rights, Legal Division - Public Contracts Unit, 100 W Randolph St., Suite 10-100, Chicago, IL

SPECIAL NOTICE –
NCHRP 350 FOR
HIGH TENSION CABLE
MEDIAN BARRIER

The Special Provisions for high tension cable median barrier and for high tension cable median barrier terminals require the use of devices meeting the stated criteria of National Cooperative Highway Research Program (NCHRP) 350, accepted by FHWA, and on the Department's list of approved devices.

The Special Provision gives more information about test level criteria and slope performance criteria. Meeting the NCHRP 350 criteria is necessary, but not sufficient to allow use of a particular device on the contract. The device must also be on the Department's list of approved devices.

The list of approved devices is posted at:
<http://www.dot.il.gov/materials/materialslist.html>

A recent addition to this list is the NU-CABLE TL-4 cable barrier system by Nucor Steel, Marion, Inc.

Also, the list is revised to require specific four-cable versions of all high tension cable median barriers.

The list is also revised to require that each cable connect directly to an anchorage point, and not to another cable.

Also, the list is revised to show the appropriate barrier terminals to accommodate the four cable barrier systems.

For further information contact the Bureau of Safety Engineering, Safety Design Engineer at (217)785-0720.

STAY INFORMED!

Keep in touch with your representative on the IDOT/Industry Policy Committee and IDOT/Industry Joint Co-op Committee.

Contractor Publications

Electronic Subscription Service

To receive construction contractor related publications and reports through the free subscription service, please follow the instructions to subscribe. The information will be automatically e-mailed to the subscriber on the publish date. The following publications and reports are currently available for subscription:

IDOT Contractor's Packet

Subscription listname: **IDOTContractorsPacket**

The IDOT Contractor's Packet automatically subscribes the requestor to all of the following publications and reports. Those not wishing to receive all of the following lists can subscribe to the desired lists individually.

IDOT Addendum Checklist

The IDOT Addendum Checklist identifies all letting items that have been revised by addendum. The contractors should use this checklist to ensure they have incorporated into their plans and proposals all addenda that have been issued for each particular letting item. The checklist also identifies withdrawn and deleted items. The checklist is published regularly whenever addenda are processed.

IDOT Aeronautics Unit Price Tabulation of Bids

The Aeronautics Unit Price Tabulation of Bids is a listing of all unit price bids on awarded jobs for the letting, sorted by letting item. The listing identifies the actual bidders, the as-read bid amounts, the corrected bid amounts (if applicable) and the low bidders. The listing is not published until jobs are awarded. Typically, Unit Price Tabulation of Bids listings begin to be published four to eight weeks after the letting, excluding the federal discretionary seeking projects placed on the March and August lettings. These may take several months before funds are secured and the projects awarded.

IDOT As Read Tabulation of Bids

The IDOT As Read Tabulation of Bids is a listing of bids as they were read at the bid opening. The bid amounts are not checked at the time this listing is produced. This listing also includes a page which identifies all letting items for which the as read low bid was, prior to a post letting review, within a reasonable approximation of the Engineer's estimate. The listing is usually published by 4:30 p.m. of the day of the letting.

IDOT Price Indices

The [IDOT Price Indices](#) are monthly listings of the average price of Bituminous, Steel and Fuel; used in determining cost adjustments on contracts containing the special provision.

IDOT CBid Files

The CBID files contain the pay items and quantities for a contract, as well as macros to prepare and print a bid. These files are in Microsoft Excel format (xls). CBID files are put on the Website as they become available. **It is your responsibility** to determine which, if any, addenda pertains to any project you may be bidding. **Failure to incorporate all relevant addenda may cause your bid to be declared unacceptable.** Note that the CBID filename is the same as the IDOT Contract Number. Please refer to the Transportation Bulletin – Notice of Letting for the correct contract number.

IDOT Construction Contractor's Transportation Bulletin – Notice of Letting

The IDOT Construction Contractor's Transportation Bulletin – Notice of Letting is the official publication and invitation for construction bids by the Illinois Department of Transportation's Division of Highways, IDOT Division of Aeronautics and the Illinois Department of Natural Resources. The bulletin also contains information pertaining to pre-bid meetings, the DBE program and other current information. The bulletin will be published on the advertised publish date for each regularly scheduled letting. Special lettings will have applicable bulletins published at least 14 days prior to the letting on an as needed basis.

IDOT Corrected Tabulation of Bids

The IDOT Corrected Tabulation of Bids is a listing of all bids for the letting, sorted by letting item. All bids have been recalculated and checked before this listing is produced. The listing identifies the eligible bidders, the actual bidders, the as-read bid amounts, the corrected bid amounts (if applicable) and the low bidders for the letting. The listing is usually published within 14 days after the letting.

IDOT Federal Wage Rates Listing

The IDOT Federal Wage Rates listing identifies the current federal wage rates to be used by contractors for preparing bids whenever the construction activities are federally participating. The federal wage rates will be published 10 days prior to the letting date.

IDOT For Bid List of Bidders

The IDOT For Bid List of Bidders is a compilation of all potential bidders who have been authorized to bid on each letting item for each letting. A separate list is compiled for each letting and the list is sorted by letting item. The list will be published several times with the last time being one day prior to the letting.

IDOT Letting Plans and Proposals

IDOT Letting plans and proposals are available for download on the IDOT Web Site. Go to the [Letting and Bidding Information Page](#) and select the current Letting date. Plans and proposals are posted as they become available.

IDOT Local Roads Contractors Bulletin

The Contractors Bulletin is a weekly publication advertising locally let and "material only, bids" for local agencies, counties, cities/villages, and road districts throughout the state. The bulletin is in three parts: (1) previous advertisements for two weeks, (2) new advertisements with a description of the job, the date and time of letting, description of the material needed for bidding and any other information, and (3) awarded projects identifying the successful bidder and the dollar amount.

IDOT News Flash from BDE

The IDOT News Flash is important information released by the IDOT Bureau of Design and Environment which all contractors should read. This is information that becomes available after publication of the Notice of Letting Bulletin.

IDOT Not For Bid List of Bidders

The IDOT Not For Bid List of Bidders is a compilation of all parties who have requested plans and/or proposals. A separate list is compiled for each letting and the list is sorted by letting item. The list will be published several times.

IDOT Pay Item Report

The Pay Item Report is a listing of all pay items on a letting. For each pay item, the listing identifies the quantity, letting item number, contract number, county, IDOT district office and the unit of measure.

IDOT Pay Item Report with Awarded Prices

The Pay Item Report with Awarded Prices is a listing of all pay items on a letting. For each pay item, the listing identifies the quantity, letting item number, contract number, county, IDOT district office and the unit of measure. This report has an added column which is the awarded unit price of each item. The Pay Item Report with Awarded Prices will be published after the last item on the letting is awarded.

IDOT Unit Price Tabulation of Bids

The IDOT Unit Price Tabulation of Bids is a listing of all unit price bids on awarded jobs for the letting, sorted by letting item. Whereas the As Read Tabulation of Bids and the Corrected Tabulation of Bids provide the sum total amount bid for each letting item, the Unit Price Tabulation of Bids provides the break down of all bids per line item unit price, and it is only provided for awarded jobs. The listing identifies the actual bidders, the as-read bid amounts, the corrected bid amounts (if applicable) and the low bidders. The listing is not published until jobs are awarded. Typically, Unit Price Tabulation of Bids listings begin to be published within three weeks after the letting and may continue for up to 60 days. Jobs through the Division of Aeronautics and the Department of Natural Resources are not included.

IDOT Transportation Procurement Bulletin

The [Transportation Procurement Bulletin Web Page](#) features procurement information for the construction and consulting industry, and the general public. Postings include Invitations to Bid and Request for Proposals from a variety of Bureaus within the Department of Transportation. The site also features important procurement information and links to contract award notices including sole source procurements, emergency purchases, change orders which exceed \$30,000, and renewal notices. Subscribers will receive notification when new procurement opportunities are posted to the Web page.

Bureau of Design and Environment Manual and Procedure Memorandum Updates

To receive updates related to the BDE Manual and BDE Procedure Memorandums through the free subscription service, please follow the instructions for subscribing. The information for both the items will be automatically e-mailed to the subscriber upon release for publication.

Bureau of Design and Environment Manual

The *Bureau of Design and Environment Manual (BDE Manual)* has been prepared to provide uniform policies and procedures for the Department and consultant personnel preparing Phase I studies and reports and contract plans for Department. The *BDE Manual* presents most of the information normally required for location, design and environmental evaluation of highway construction projects on the state highway system. The *BDE Manual* is available on CD-ROM and IDOT's Doing Business/Manuals-Memorandums/Bureau of Design and Environment Manual & Memorandums page at: <http://www.dot.il.gov/desenv/bdemanual.html>

BDE Procedure Memorandums

The *BDE Procedure Memorandums* are used as a means to implement changes in procedures, policies, directives, and/or criteria in the interim between issuance of updates to the *BDE Manual*. The designer should refer to these when using the *BDE Manual* until such time as they are superseded or incorporated into an updated edition of the *BDE Manual*. BDE Procedure Memorandums are available on IDOT's Doing Business/Manuals-Memorandums/Bureau of Design and Environment Manual & Memorandums page at: <http://www.dot.il.gov/desenv/bdemems.html>

- SPECIAL NOTICE REGARDING DISADVANTAGED BUSINESS ENTERPRISE PARTICIPATION -

MARCH 6, 2009 LETTING

1. **Special Provision – “Disadvantaged Business Enterprise Participation” Disadvantaged Business Enterprise (DBE) Utilization Plan**
The proposals for the following items contain the Special Provision “Disadvantaged Business Enterprise Participation”.
It is the responsibility of each bidder to determine the results of the letting and for the "as read" low bidder to submit a DBE Utilization Plan (Plan), Form SBE 2026, to the Illinois Department of Transportation (IDOT) within 7 working days after the date of the bid opening as required by the Special Provision. Forms for the submittal of the Plan are available in each district's Bureau of Construction office or by calling IDOT's Bureau of Small Business Enterprises at (217) 782-5490. Plans are to be submitted to IDOT's Bureau of Small Business Enterprises, Harry R. Hanley Building, 2300 South Dirksen Parkway, Room 319, Springfield, Illinois 62764. Failure to submit a plan within 7 working days may be cause for rejection of the bid as not responsive and may subject the bidder to a penalty.

2. **ILLINOIS UNIFIED CERTIFICATION PROGRAM DBE DIRECTORY**

Pursuant to the requirements of the federal regulations, all state transportation agencies that receive federal-aid funds are required to implement a “one-stop” certification process for DBEs. As a result of this requirement, IDOT, together with the City of Chicago, CTA, Metra and Pace, has established the Illinois Unified Certification Program (IL UCP).

The IL UCP maintains a DBE Directory to provide a reference source to assist bidders/proposers in meeting DBE contract goals. The DBE Directory lists the DBE-certified firms in alphabetical order with their address, contact information and specialty of work. It is the responsibility of the prime contractor/consultant to make his/her own determination regarding the capability of a DBE firm. Only those firms certified as of the letting date/bid opening may be utilized in meeting a DBE contract goal.

3. **Supportive Services Consultants**

The Bureau of Small Business Enterprises administers the federal DBE program and ensures that external Equal Employment Opportunity, On-the-Job Training and Labor contract requirements are met. The goal of IDOT's Supportive Services program is to provide assistance that fosters opportunities for IDOT's DBE firms and minority and female individuals to participate in IDOT's transportation-related contracts.

The following consultants have contracts to provide supportive services assistance. These services are provided at no charge to IDOT's DBE firms, to those firms seeking IDOT DBE program certification, to IL UCP DBE-certified firms who have an IDOT contract(s), and to prime contractors doing business with IDOT.

Management Assistance - DBE firm recruitment, certification application assistance, business plan orientation workshops, business plan reviews and updates, finance, technology, marketing strategy, networking with prime contractors and expanding business opportunities.

Special Notice Regarding IDOT Proposals, Authorization To Bid, and Requests For Plans & Proposals

ABOUT IDOT PROPOSALS

All Proposals issued by IDOT are potential bidding proposals. Each proposal contains all Certifications and Affidavits, a proposal signature sheet and a Proposal Bid Bond required for Prime Contractors submit a bid after written AUTHORIZATION TO BID has been issued by IDOT. A Proposal Bid Bond and Authorization To Bid are not required on items designated as Small Business Set-Aside.

ABOUT AUTHORIZATION TO BID (Not required for Small Business Set-Asides)

WHO CAN BID? Bids will be accepted from only those companies that **request and receive** written **Authorization to Bid** from IDOT. To request authorization, a potential bidder must complete and submit Part A of the Request for Authorization to Bid/or Not For Bid Status for ([BDE 124INT](#)).

WHAT CONSTITUTES AUTHORIZATION TO BID? When a prospective prime bidder submits a BDE 124INT he/she must indicate at that time which items are being requested for bidding purposes. Only those items requested For Bidding will be analyzed. After the request has been analyzed, the bidder will be issued a **Proposal Denial and/or Authorization Form** that indicates which items have been approved for Bidding. If **Authorization to Bid** cannot be approved, the **Proposal Denial and/or Authorization Form** will indicate the reason for denial.

FIRMS UNSURE AS TO AUTHORIZATION STATUS? Firms that have not received an authorization form within a reasonable time of complete and correct original document submittal should contact the department as to status. This is critical in the week before the letting. These documents must be received by three days before the letting date. Firms unsure as to authorization status should call the Prequalification Section of the Bureau of Construction at 217/782-3413.

NOTICE

NO AUTHORIZATION TO BID WILL BE ISSUED UNTIL A **COMPLETED PART A OF FORM BDE 124INT** AND THE **ORIGINAL** AFFIDAVIT OF AVAILABILITY HAS BEEN FILED WITH THE CENTRAL BUREAU OF CONSTRUCTION.

FOR SMALL BUSINESS SET-ASIDES, THE AFFIDAVIT OF AVAILABILITY IS NOT REQUIRED.

SPECIAL NOTICE

CHANGE IN SUBMITTAL TIME FOR SUBSTANCE ABUSE PREVENTION PROGRAM CERTIFICATION

**PA 95-0635 SUBSTANCE ABUSE PREVENTION PROGRAM (SAPP)
Effective January 1, 2008
Change in Submittal Time Effective August 1, 2008**

This Public Act requires that all contractors and subcontractors have a SAPP, meeting certain requirements, in place **before** starting work.

The contractor **must** submit their correctly completed SAPP Certification (Form BC 261) to the District no later than the preconstruction conference.

The requirements of this Public Act are a material part of the contract, and the contractor shall require this provision to be included in all approved subcontracts. The contractor shall submit the correctly completed SAPP Certification (Form BC 261) for each subcontractor with the Request for Approval of Subcontractor (Form BC 260-A).

SPECIAL NOTICE

SMALL BUSINESS SET-ASIDES

Several items on this Letting are designated as small business set-asides. In accordance with Section 45-45 of the Illinois Procurement Code and the rules of the Department, only bids from qualified small businesses will be considered for award. No construction business is a small business if its annual sales and receipts exceed \$10,000,000.

To encourage maximum competition, these small business set-asides are open bidding items. In accordance with the rules of the Department, prequalification is waived for these items. All bidders, including those correctly prequalified by the Department, are required to submit with the bids a Qualification and Equipment Inventory Certification Form. The form is included with the proposal and bidding documents.

Please see the list of items elsewhere in the Bulletin. There will be Small Business Set-asides on future Lettings as well.

Authorization to bid is not required; however, firms wishing to be listed on the For Bid list should so indicate by sending a Request For Authorization To Bid/or Not For Bid Status (form BDE 124INT).

If you have any questions please contact Ryan Sheley at 217-782-7806.

Subcontractor Registration

Subcontractors interested in participating on contracts are required to register with the Department. Prequalified contractors, consultants, material suppliers and trucking companies are **NOT** required to register. Subcontractors can register electronically at the Department's web site, <http://www.dot.il.gov/>. At the home page click on "Doing Business". The subcontractor registration form is listed under Contractor Services. The registration form requires minimal information and can be completed in minutes. Confirmation, along with a registration number, will be received by e-mail in 1-2 days. Registration is valid for one year and will then require renewal. Questions may be addressed to the Prequalification Section, Bureau of Construction.

1. **LETTING DUE DATE AND TIME FOR SUBMISSION AND OPENING OF BIDS.** The Department of Transportation is requesting offers in the form of sealed bids from responsible contractors to fill the State's needs as described in this invitation. Sealed bids for the contract items described herein will be accepted at the above address of the Chief Contract Official and at the auditorium in the Harry R. Hanley Building by U.S. Mail, delivery service or hand deposit until 10:00 a.m. prevailing local time **March 6, 2009**, at which time the bids will be publicly opened and read. The Department will not open or read bids received after the stated opening date and time.
2. **RULES GOVERNING LETTING.** This letting is subject to and governed by the rules of the Department adopted at [44 Illinois Administrative Code 650](#) and [44 Illinois Administrative Code 660](#), and by the provisions of this invitation. Copies of the rules are available by contacting the above address of the Chief Contract Official.
3. **INSTRUCTIONS TO BIDDERS.** Read the following instructions carefully before submitting any bid. Failure to follow these instructions and the rules may result in the rejection of your bid. The Department reserves the right to reject any and all bids, to waive minor or immaterial irregularities, informalities or technicalities, to advertise for new bids, or to request confirmation or clarification from any bidder regarding a bid.

- (a) **CONTRACT ITEM DESCRIPTIONS.** A summary description of each contract item advertised in this invitation is given following these instructions by Item numbers. Bids shall be submitted by Item number. A contract number appears after the Item number. The contract number will also be shown on the contract documents for the contract that the Item number represents. The summary description provided for the proposed work, quantities and time for completion for each Item are for information only and are subject to the terms published in the contract documents for bidding.
- (b) **CONTRACT DOCUMENTS FOR BIDDING.** Contract documents for bidding include a Notice to Bidders, Specifications, Proposal, Contract and Contract Bond document and a set of Plan documents. These documents may be separate or combined into one document. Contract documents for bidding applicable to each Item number advertised in this invitation may be examined at the above address of the Chief Contract Official. In addition, contract documents for bidding highway work may be examined at the respective District Offices in which the prospective work is located. The names and addresses of the District Engineers are as follows:

REGION	DISTRICT	ENGINEER	ADDRESS
1	1	D. M. O'Keefe	201 West Center Court, Schaumburg, IL 60196-1096

Contract documents for bidding will not be loaned to prospective bidders. Electronic plans and proposals may be downloaded from the Department's web site <http://www.dot.il.gov/desenv/delett.html>.

- (c) **PREQUALIFICATION.** Any contractor desiring to bid shall be prequalified in accordance with the rules of the Department, adopted at 44 Illinois Administrative Code 650, prior to being granted Authorization to Bid. Prequalification may be waived for particular contract items. In such cases, the manner of determining bidder responsibility will be stated in the contract documents for bidding. Contractors who desire to become prequalified or to renew their prequalification for this letting must file with the Department of Transportation, Bureau of Construction, Room 322, 2300 South Dirksen Parkway, Springfield, Illinois 62764, a Contractor's Statement of Experience and Financial Condition no later than 4:30 p.m. prevailing local time, **February 13, 2009**. A Contractor will not be prequalified for this letting unless the statement is received before the time and day established.

- (d) AUTHORIZATION TO BID. Contractors planning to bid MUST request Authorization to Bid prior to 4:30 p.m. prevailing time March 3, 2009. No Authorization to Bid will be issued after that time. Requests for Authorization to Bid submitted by U.S. Mail or courier delivery will not be honored unless received prior to 4:30 p.m. prevailing local time March 3, 2009, at the Department of Transportation, Bureau of Construction, Room 322, 2300 South Dirksen Parkway, Springfield, Illinois 62764. A form to request authorization to bid is included in the Transportation Bulletin, and is entitled "Request for Authorization to Bid/or Not For Bid Status" ([BDE 124 INT](#)).
- (e) AFFIDAVIT OF AVAILABILITY. In addition to the Authorization to Bid, prospective bidders shall submit an Affidavit of Availability prior to 4:30 p.m. prevailing time March 3, 2009. The Affidavit must include all uncompleted contracts awarded to them and all low bids pending award for all public and private work using the prescribed format. The sworn statement relative to contracts and pending awards must be in complete detail, be properly signed and notarized. Facsimiles of the sworn statement will be accepted for analysis, but Authorization to Bid will be issued only upon receipt of a signed and properly completed original Affidavit of Availability. Any omission or misstatement of fact in the sworn statement will be considered as sufficient grounds for the disqualification of the bidder and the rejection of bids. Prospective bidders shall notify the Department within two working days of any low bids pending award or contracts awarded which might occur between the date of submission of the sworn statement and the date of letting. For your convenience, a form to report this information is included in the Transportation Bulletin, and is entitled "Affidavit of Availability" ([BC 57](#)). The form can also be downloaded from the department's Web Site at www.dot.il.gov/const/conforms.html.
- (f) JOINT VENTURES. The Transportation Bulletin includes a Special Notice Regarding Joint Ventures. The Special Notice explains the procedures for approval to bid as a joint venture. Prequalified contractors desiring to bid as a joint venture must submit the properly completed documentation no later than 4:30 p.m. prevailing local time February 27, 2009. The required joint venture forms are included in the Transportation Bulletin, and entitled "Request for Authorization to Bid/or Not For Bid Status" (BDE 124 INT), "Affidavit of Availability" (BC 57) and Certificate of Joint Venture" (BC 2267). The original BC 2267 must be submitted.
- (g) EXAMINATION OF CONTRACT DOCUMENTS AND SITE OF THE WORK. The bidder shall, before submitting a bid on any contract item, carefully examine the provisions of the contract documents for bidding and all contract documents referenced therein that comprise the contract as defined in Article 101.09 of the Standard Specifications for Road and Bridge Construction. The bidder shall inspect in detail the site of the proposed work, investigate and become familiar with all the local conditions affecting the contract and the detailed requirements of construction.

If the Department has made a sub-surface examination of the site of the work, the borings, test pits, or other information pertaining thereto are available for examination by all bidders by written request to the office of the District Engineer of the district in which the work is to be performed. The availability of subsurface information from the Department is solely for the convenience and information of the bidder and shall not relieve the bidder of the duty to make, and the risk of making, examinations and investigations as required to assess conditions affecting the work. Any data furnished in the contract plans is for information only and does not constitute a part of the contract. The Department makes no representation or warranty, express or implied, as to the information conveyed or as to any interpretations made from the data.

Submission of a bid shall be a conclusive assurance and warranty the bidder has made these examinations and the bidder understands all requirements for the performance of the work. If the bid is accepted, the bidder will be responsible for all errors in the proposal resulting from a failure or neglect to comply with these instructions. The Department will not be responsible for any costs, expenses, losses, or change in anticipated profits resulting from such failure or neglect of the bidder to make these examinations.

The bidder shall take no advantage of any error or omission in the proposal and advertised contract. Any prospective bidder who desires an explanation or interpretation of the plans, specifications, or any of the contract documents, shall request such in writing from the Central Bureau of Design and Environment at the above address of the Chief Contract Official. The request should be made in sufficient time to allow a written reply by the Department that can reach all prospective bidders before submission of their bids. Any reply given a prospective bidder concerning any of the contract documents, plans, and specifications will be furnished to all prospective bidders in the form determined by the Department including, but not limited to, an addendum, if the information is deemed by the Department to be necessary in submitting bids or if the Department concludes the information would aid competition. Oral explanations, interpretations, or instructions given before the submission of bids unless at a prebid conference will not be binding on the Department.

- (h) ADDITIONAL INSTRUCTIONS. The Notice to Bidders, Specifications, Proposal, Contract and Contract Bond document for each contract item includes specific and additional information and instructions pertaining to submission of bids. That information should be carefully read and the instructions followed by the bidder.
- 4. IMPORTANT DATES FOR BIDDERS. All due dates published in this invitation are summarized for convenient reference by potential bidders on the page entitled "Important Dates for Bidders". Bidders are cautioned that all due dates are strictly enforced.
- 5. PART OF THE CONTRACT. This invitation is made part of the contract by operation of Article 101.09 of the Standard Specifications for Road and Bridge Construction.

IMPORTANT DATES FOR BIDDERS

March 6, 2009 Bid Opening

There are five important dates that bidders must be aware of when planning to bid on projects advertised by the Illinois Department of Transportation. Those dates for the **March 6, 2009** Letting are as indicated below:

PREQUALIFICATION

Any contractor who desires to become pre-qualified to bid on work advertised by IDOT must submit the properly completed prequalification forms to the Bureau of Construction no later than 4:30 p.m. prevailing time twenty-one days prior to the letting of interest. This prequalification requirement applies to first time contractors, contractor renewing expired ratings, contractors maintaining continuous prequalification or contractors requesting revised ratings

The prequalification cut-off date is 4:30 p.m. prevailing time **February 13, 2009** .
Also, to be eligible to bid, existing prequalification ratings must be effective through the date of letting.

JOINT VENTURES

Pre-qualified contractors wishing to combine bidding capacity and bid items as joint ventures must submit the appropriate properly completed forms no later than 4:30 p.m. prevailing time, seven (7) days prior to the letting date. The required joint venture forms are the "Request for Authorization to Bid/or Not for Bid Status" (BDE 124INT), the ORIGINAL "Affidavit of Availability" (BC 57) and the ORIGINAL "Certificate of Joint Venture" (BC 2267).

The Joint venture cut-off date is 4:30 p.m. prevailing time **February 27, 2009** .

REQUESTS FOR AUTHORIZATION TO BID

Contractors wanting to bid on items included in a particular letting must submit the properly completed "Request for Authorization to Bid/or Not for Bid Status" (BDE 124INT) and the properly completed ORIGINAL "Affidavit of Availability" (BC 57) to the proper office no later than 4:30 p.m. prevailing time, three (3) days prior to the letting date.

The Authorization to Bid request cut-off date is 4:30 p.m. prevailing time **March 3, 2009** .

SUBMITTAL OF BIDS

The time and place of letting is always listed in the Transportation Bulletin. Most lettings are held at 10:00 a.m. prevailing time in the Auditorium of the IDOT Harry R. Hanley Building located at 2300 South Dirksen Parkway, Springfield, Illinois.

No bid will be accepted unless delivered prior to the time specified in the Transportation Bulletin. Bidders submitting bids by U.S. Mail or courier are cautioned to allow sufficient time for delivery.

DBE UTILIZATION PLANS

Projects requiring DBE participation require the AS-READ-LOW-BIDDER to submit the required utilization plan to the Bureau of Small Business within seven (7) working days after the letting.

The cut-off date for the submittal of required DBE utilization plans is **March 17, 2009** .

ADDITIONAL AWARD CRITERIA

Projects requiring Additional Award Criteria require the AS-READ-LOW-BIDDER to submit the required criteria to the Contracts Office within seven (7) working days after the letting.

The cut-off date for the submittal of the required criteria is **March 17, 2009** .

1. **TIME AND PLACE OF OPENING PROPOSALS:** Sealed bids, subject to the conditions contained herein, will be received by the Department of Transportation at the Auditorium in the Harry R. Hanley Building, 2300 South Everett McKinley Dirksen Parkway, Springfield, Illinois, until 10:00 A.M. prevailing time, September 19, 2008. These bids will, at that time, be publicly opened and read for furnishing all labor and materials, and performing all work for the Project(s) listed and defined in Paragraph 3.0 of this Service Bulletin for the Division of Aeronautics.

2. **INSTRUCTIONS TO BIDDERS:**

a. Plans and Contract Documents. Plans and Contract Documents for those Project(s) specified in Paragraph 3.0 of this Service Bulletin for the Division of Aeronautics may be examined and reviewed at the following offices:

(1) Department of Transportation, Division of Aeronautics, One Langhorne Bond Drive, Capital Airport, Springfield, Illinois.

(2) Department of Transportation, Harry R. Hanley Building, Plans and Contracts Office, Room 323, 2300 South Everett McKinley Dirksen Parkway, Springfield, Illinois.

(3) Office of the consulting engineer(s).

b. Contract documents for bidding will not be loaned to prospective bidders. Electronic plans and proposals may be downloaded from the Department's web site at <http://www.dot.il.gov/desenv/delett.html>.

Contractors wanting to bid must submit the properly completed "Request for Authorization to Bid/or Not For Bid Status" ([BDE 124 INT](#)) and the properly completed ORIGINAL "Affidavit of Availability" ([BC 57](#)) to Room 322 or 323 no later than 4:30 p.m. prevailing time, three (3) days prior to letting date. The Authorization to Bid request cut-off date is 4:30 p.m. prevailing time, September 16, 2008.

c. Each bid shall be accompanied by one (1) copy of a Bid Bond on Form [BDE 356B](#) in the amount, which is not less than five (5) percent of the aggregate amount of the bid.

d. Pre-Qualification Rating. The Illinois Department of Transportation pre-qualification ratings and other applicable evidence of competency of bidders to perform the work contemplated will be utilized for all Service Bulletin items. This pre-qualification rating will be established on the basis of a Financial Statement and Experience Questionnaire.

- e. Requirements for Corporations outside the State of Illinois. Before any Contract is executed, a Corporation from another State must conform to the Statutes of the State of Illinois, and may be asked to furnish a copy of the certificate from the Secretary of State, State of Illinois, showing that such foreign corporation is authorized to do business in the State of Illinois.
- f. Civil Rights Act of 1964. The Illinois Department of Transportation, Division of Aeronautics, in accordance with Title VI of the Civil Rights Act of 1964, 78 Stat. 252, 42 U.S.C. 2000d-4 and Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally-assisted programs of the Department of Transportation issued pursuant to such Act, hereby notifies all bidders that it will affirmatively insure that in any contract entered into pursuant to this advertisement, minority business enterprises will be afforded full opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds or race, color, or national origin in consideration for an award.

In a case in which a bidder or prospective contractor or proposed subcontractor who has participated in a previous contract or subcontract subject to the equal opportunity clause has not filed a compliance report due under applicable instructions, such bidder, prospective contractor, or proposed subcontractor shall submit a compliance report prior to the award of the proposed contract or subcontract. When a determination has been made to award a contract to a specific contractor, such contractor shall prior to award, furnish such other pertinent information regarding his own employment policies and practices as well as those of his proposed subcontractors as the Sponsor, or the Executive Vice Chairman of the President's Committee may require.

For any contract or subcontract for \$50,000.00 or more, and having 50 or more employees, the contractor or subcontractor will be required to maintain a written Affirmative Action Plan.

g. Special Requirements.

- (1) Payment to Labor. The successful bidder will be required to pay to the laborers, workmen, mechanics, and other employees for the work under the contracts, not less than the general prevailing wage for each craft, trade or occupation, and not less than the minimum wage rates as shall be established by the U. S. Secretary of Labor for federally assisted projects and by the Illinois Department of Labor for state/local projects.
- (2) Affirmative Action Requirements - Equal Employment Opportunity. Various contractor, union and minority organizations have prepared specific plans for Equal Employment Opportunity. Should such a plan or plans apply to the proposed project(s) listed below, the Bid Conditions will be included in the Contract Document for that project, and all bidder's, prospective contractors and/or subcontractors shall be required to comply with any and all provisions set forth therein.

- h. Specifications. The proposed work is to be constructed in accordance with the requirements of the Illinois Standard Specifications for Construction of Airports, dated January, 1985, the Supplemental Specifications and Recurring Special Provisions, adopted July 1, 2004 and the Special Provisions specified in the proposal. The Illinois Standard Specifications for Construction of Airports and the Supplemental Specifications and Recurring Special Provisions are available at www.dot.il.gov/aero/airspecs.html. Printed copies of the Illinois Standard Specifications for Construction of Airports may be obtained by applying to the Department of Transportation, Division of Aeronautics, Bureau of Engineering, Design Section, at Capital Airport/One Langhorne Bond Drive, Springfield, Illinois 62707-8415. The order should be accompanied by a check made payable to the Division of Aeronautics in the amount of \$10.00 for each copy ordered.

REVISIONS TO THE ILLINOIS PREVAILING WAGE RATES

The Prevailing rates of wages are included in the Contract proposals which are subject to Check Sheet #5 of the Supplemental Specifications and Recurring Special Provisions. The rates have been ascertained and certified by the Illinois Department of Labor for the locality in which the work is to be performed and for each craft or type of work or mechanic needed to execute the work of the Contract. As required by Prevailing Wage Act ([820 ILCS](#) 130/0.01, et seq.) and Check Sheet #5 of the Contract, not less than the rates of wages ascertained by the Illinois Department of Labor and as revised during the performance of a Contract shall be paid to all laborers, workers and mechanics performing work under the Contract. Post the scale of wages in a prominent and easily accessible place at the site of work.

If the Illinois Department of Labor revises the prevailing rates of wages to be paid as listed in the specification of rates, the contractor shall post the revised rates of wages and shall pay not less than the revised rates of wages. Current wage rate information shall be obtained by visiting the Illinois Department of Labor web site at <http://www.state.il.us/agency/idol/> or by calling 312-793-2814. It is the responsibility of the contractor to review the rates applicable to the work of the contract at regular intervals in order to insure the timely payment of current rates. Provision of this information to the contractor by means of the Illinois Department of Labor web site satisfies the notification of revisions by the Department to the contractor pursuant to the Act, and the contractor agrees that no additional notice is required. The contractor shall notify each of its subcontractors of the revised rates of wages.

Affidavit of Availability For the Letting of _____

Instructions: Complete this form by either typing or using black ink. "Authorization to Bid" will not be issued unless both sides of this form are completed in detail. Use additional forms as needed to list all work.

Part I. Work Under Contract

List below all work you have under contract as either a prime contractor or a subcontractor. It is required to include all pending low bids not yet awarded or rejected. In a joint venture, list only that portion of the work which is the responsibility of your company. The uncompleted dollar value is to be based upon the most recent engineer's or owners estimate, and must include work subcontracted to others. If no work is contracted, show **NONE**.

SPECIAL NOTICE ELECTRONIC PLANS AND PROPOSALS

Plans and/or proposals may be downloaded from the Department's Web Site located at <http://www.dot.il.gov> at no cost.

Firms wishing to bid directly to the Department **MUST** request Authorization to Bid. Prospective bidders must also submit an Affidavit of Availability. Does not apply to Small Business Set-Asides.

Firms downloading plans and/or proposals that do not wish to bid directly to the Department will not be placed on the Not For Bid list unless they request to be added to the list. Such requests shall be made by submitting a Request for Authorization to Bid/or Not For Bid Status form. (BDE 124INT)

The Department offers plans and proposals in electronic format **ONLY**.

Part A: I plan to bid as a prime contractor and hereby request **Authorization to Bid** the following items:

Upon receipt of the required **original** Affidavit of Availability, IDOT will review the request and issue an "**Authorization to Bid**" only on the items listed in Part A. Firms wishing to be listed on the FOR BID list for Small Business Set-Asides may also complete Part A.

Requestor Remarks:

Part B: Please list our Company on the Not For Bid List for the following items:

Instructions

Requests for Authorization to Bid must be accompanied by an original Form BC-57, Affidavit of Availability. Does not apply for Small Business Set-Asides.

Authorization to Bid will not be issued after the time and date specified in paragraph 1 (a) and 1 (b) of the Transportation Bulletin.

How to Expedite this Request

1. Using **Black Ink** complete the request form listing all item numbers requested in numerical order.
 2. **E-mail** the completed request form to D&Econtracts@dot.il.gov or Fax to 217-785-1141.
 3. **Do Not** make any changes on the request form after it has been faxed. Additional items will require a supplemental request.
 4. Mail hard copy of the request form to IDOT. If requesting **Authorization to Bid**, the requestor should also include the required **Affidavit of Availability with an original signature**. The preceding does not apply to Small Business Set-Asides.

ABOUT IDOT PROPOSALS: All proposals issued by IDOT are potential bidding proposals. Each proposal contains all Certifications and Affidavits, a **Proposal Signature Sheet** and a **Proposal Bid Bond** required for Prime Contractors to submit a bid after written **Authorization to Bid** has been issued by IDOT's Central Bureau of Construction. Small Business Set-Asides do not require **Authorization to Bid** or a **Proposal Bid Bond**.

ADDENDA/REVISIONS: Those contractors downloading proposals from the internet are responsible for checking the Department's web site (<http://www.dot.il.gov>) for any ADDENDA or REVISIONS that may effect the downloaded proposal. An Addenda/Revision tracking sheet is on the Department's web site and notification may be e-mailed, upon subscribing to Departments' subscription service. Once an Addendum or Revision is confirmed, the updated material may be downloaded from the internet. It is the contractor's responsibility to download the updated Proposal to receive the updated information.

HOW TO OBTAIN ELECTRONIC PLANS & PROPOSALS? Download from IDOT's website at <http://www.dot.il.gov>.

WHO CAN BID? Bids will be accepted from only those companies that request and receive written **Authorization to Bid** from IDOT. The preceding does not apply to items designated as Small Business Set-Asides.

WHAT CONSTITUTES WRITTEN AUTHORIZATION TO BID? When a prospective prime bidder submits this form, he/she must indicate at that time which items are being requested For Bidding purposes. Only those items requested For Bidding will be analyzed. After the request has been analyzed, the bidder will be issued a **Proposal Denial and/or Authorization Form**, approved by the Central Bureau of Construction, that indicates which items have been approved For Bidding. If **Authorization to Bid** cannot be approved, the **Proposal Denial and/or Authorization Form** will indicate the reason for denial. The preceding does not apply to items designated as Small Business Set-Asides.

ABOUT AUTHORIZATION TO BID: Firms that have not received an authorization form within a reasonable time of complete and correct original document submittal should contact the department as to status. This is critical in the week before the letting. These documents must be received by three days before the letting date. Firms unsure as to authorization status should call the Prequalification Section of the Bureau of Construction at the number listed at the end of these instructions for items subject to prequalification. For Small Business Set-aside items contact the Contracts Office. The preceding does not apply to items designated as Small Business Set-Asides.

WHAT MUST BE INCLUDED WHEN BIDS ARE SUBMITTED? Bidders need not return the entire proposal when bids are submitted. That portion of the proposal that must be returned includes all documents from the Proposal Cover Sheet through the Proposal Bid Bond and other special documentation and/or information that may be required by the contract special provisions. All proposal documents, including Proposal Guaranty Checks or Proposal Bid Bonds, should be stapled together to prevent loss when bids are processed by IDOT personnel.

ABOUT SUBMITTING BIDS: It is recommended that bidders deliver bids in person to insure they arrive at the proper location prior to the time specified for the receipt of bids. Any bid received at the place of letting after the time specified will not be accepted.
