

**Emergency Purchase Number:** EA14-08

**Office/Division:** Division of Highways - District 6

**Address:** 126 East Ash Street  
Springfield, IL 62704

Chief Procurement Officer: Bill Grunloh

**Vendor:** Illinois Valley Paving, Division of United Contractors of the Midwest

**Address:** 3151 Robbins Road  
Springfield, IL 62704

Estimated Cost: \$75,000.00

**Final Cost:** \$80,110.32

This expenditure is justified as:

- An emergency involving public health.
- An emergency involving public safety.
- Necessary to protect State property from further loss or damage.
- Necessary to prevent or minimize serious disruption in State services.
- Necessary to insure integrity of State records.
- Quick purchase as provided by Section 20-30 (d) of the Illinois Procurement Code.

The conditions and circumstances requiring this emergency expenditure are:

A sink hole has developed under the I-55 frontage road north of Glenarm. This sink hole has necessitated closure of the frontage road. The hole appears to be approximately 3 feet wide by 6 feet deep for the full width of the frontage road pavement. The cause of the sink hole is unknown at this time. We do not know the exact scope of work that will need to be done to make the repair since exploratory work is first necessary; therefore, we are choosing to proceed with one contractor under time and material. Illinois Valley Paving was first contacted to see if they could complete the work out of a list of six eligible contractors in the area. They were immediately available and also have the necessary equipment on hand and available to start work within 24 hours. The total estimated cost of the repairs should be under \$75,000. □
