This expenditure is justified as:

- An emergency involving public health.
- An emergency involving public safety.
- Necessary to protect State property from further loss or damage.
- Necessary to prevent or minimize serious disruption in State services.
- Necessary to insure integrity of State records.
- Quick purchase as provided by Section 20-30 (d) of the Illinois Procurement Code.

The conditions and circumstances requiring this emergency expenditure are:

Monday night going into Tuesday morning August 4/5, 2014 northeastern Illinois received an intense burst of rain that caused flash flooding through-out the region. As a result of these rains a small pavement void under Sheridan Road at Hazel Avenue greatly increased to a 20' by 20' void under the pavement causing northbound Sheridan Road to be closed. In order to ensure no further erosion and to re-open northbound Sheridan road, the existing storm sewer must be repaired, the void filled and the pavement replaced. This work is beyond the capabilities of State forces.

The Village of Glencoe is able to do the repairs and is able to start immediately. Additionally, there is a sanitary sewer line close to the void.
