

Emergency Purchase Number: EA16-05

Office/Division: Division of Highways / District 8

Address: 1102 Eastport Plaza Drive
Collinsville IL 62234-6198

Chief Procurement Officer: Bill Grunloh

Vendor: C.E. Mahoney Company

Address: 209 Service Street
Belleville IL 62226

Estimated Cost: \$325,000

Final Cost:

This expenditure is justified as:

- An emergency involving public health.
- An emergency involving public safety.
- Necessary to protect State property from further loss or damage.
- Necessary to prevent or minimize serious disruption in State services.
- Necessary to insure integrity of State records.
- Quick purchase as provided by Section 20-30 (d) of the Illinois Procurement Code.

The conditions and circumstances requiring this emergency expenditure are:

The Department was notified of pavement issues on Eldred/Hillview Road north of IL Rte. 108 in Greene County. Upon investigation, found the Hot Mix Asphalt (HMA) surface lift had debonded from the Hot Mix Asphalt binder lift in both lanes beginning 5.7 miles north of IL Rte. 108 and continued for approximately 1.4 miles to the north. Cracks in the pavement as wide as 5 inches were documented. The proposed work will consist of providing traffic control, milling the existing surface lift approximately 1.5 inches thick, texture the binder lift, HMA resurfacing and pavement marking necessary to restore the pavement to a safe operating condition.

The Department's District 8 Bureau of Operations does not have sufficient forces or equipment to accomplish the required work. As such, we solicited quotations based on plans and estimated quantities from five contractors for this work and have selected C.E. Mahoney Company. C.E. Mahoney Company submitted the lowest compliant quotation in the amount of \$270,110.61; they are pre-qualified, experienced, and have the knowledge, staffing, and equipment to immediately mobilize and complete the project. Keeley and Sons, Inc. was the only other vendor to submit a quote. Their quote was in the amount of \$285,008.32. Notice to proceed for this emergency contract was given to C.E. Mahoney Company on October 21, 2015 and completion of the project is expected within 90 days subject to favorable weather conditions.

Chief Procurement Officer/State Purchasing Officer

Section 20-30. Emergency purchase

(a) Conditions for use. In accordance with standards set by rule, a purchasing agency may make emergency procurements without competitive sealed bidding or prior notice when there exists a threat to public health or public safety, or when immediate expenditure is necessary for repairs to State property in order to protect against further loss of or damage to State property, to prevent or minimize serious disruption in critical State services that affect health, safety, or collection of substantial State revenues, or to ensure the integrity of State records; provided, however, that the term of the emergency purchase shall be limited to the time reasonably needed for a competitive procurement, not to exceed 90 days. A contract may be extended beyond 90 days if the chief procurement officer determines additional time is necessary and that the contract scope and duration are limited to the emergency. Prior to the execution of the extension, the chief procurement officer must hold a public hearing and provide written justification for all emergency contracts. Members of the public may present testimony. Emergency procurements shall be made with as much competition as is practicable under the circumstances. A written description of the basis for the emergency and reasons for the selection of the particular contractor shall be included in the contract file.

(b) Notice. Notice of all emergency procurements shall be provided to the Procurement Policy Board and published in the online electronic Bulletin no later than 3 business days after the contract is awarded. Notice of intent to extend an emergency contract shall be provided to the Procurement Policy Board and published in the online electronic Bulletin at least 14 days before the public hearing. Notice shall include at least a description of the need for the emergency purchase, the contractor, and if applicable, the date, time and location of the public hearing. A copy of this notice and all documents provided at the hearing shall be included in the subsequent Procurement Bulletin. Before the next appropriate volume of the Illinois Procurement Bulletin, the purchasing agency shall publish in the Illinois Procurement Bulletin a copy of each written description and reasons and the total cost of each emergency procurement made during the previous month. When only an estimate of the total cost is known at the time of publication, the estimate shall be identified as an estimate and published. When the actual total cost is determined, it shall also be published in like manner before the 10th day of the next succeeding month.

(c) Affidavits. A chief procurement officer making a procurement under this Section shall file affidavits with the Procurement Policy Board and the Auditor General within 10 days after the procurement setting forth the amount expended, the name of the contractor involved, and the conditions and circumstances requiring the emergency procurement. When only an estimate of the cost is available within 10 days after the procurement, the actual cost shall be reported immediately after it is determined. At the end of each fiscal quarter, the Auditor General shall file with the Legislative Audit Commission and the Governor a complete listing of all emergency procurements reported during that fiscal quarter. The Legislative Audit Commission shall review the emergency procurements so reported and, in its annual reports, advise the General Assembly of procurements that appear to constitute an abuse of this Section.

(d) Quick purchases. The chief procurement officer may promulgate rules extending the circumstances by which a purchasing agency may make purchases under this Section, including but not limited to the procurement of items available at a discount for a limited period of time.
