The formal comment period will end on March 29, 2013. A total of **3 comments** have been received, summarized as follows:

Comments

1. Asked about the inclusion of a right turn lane at Conservation Drive.
2. Commended IDOT for work on the project. Requested notification for future meetings.
3. Encouraged that funds be spent instead on the north end of Rt. 47. Majority of residents go north, and traffic patterns would indicate this is the priority today.

Stakeholders will continue to have the opportunity to provide additional comments throughout the study process.
