

GUIDE TO HIGHWAY PROJECT LISTINGS

Projects on the state highway system identified for the FY 2022-2027 Proposed Highway Improvement Program are listed on the following pages. The lists are identified within IDOT’s nine geographic highway districts. The map on the previous page shows individual highway district boundaries.

The following sequence is used within the district project listing:

- Interstate-marked routes in ascending numerical order
- U.S.-marked routes in ascending numerical order
- Illinois-marked routes in ascending numerical order
- Unmarked routes in alphabetical order by street name starting with numbered streets

The estimated cost of each project is shown. The actual cost of a project listed for FY 2022-2027 can vary depending on when it is implemented in the multi-year period.

The listing of projects is arranged in seven columns:

Route / Street	Location	Improvements	Est. Cost	City	MYP Years	
		TAMP Category			Past	Current

Route/Street – Identifies the marked route(s) and street name.

Location – Identifies project limits and length.

Improvements – Identifies type of improvement.

TAMP Category – Identifies the Transportation Asset Management Plan (TAMP) category that the project falls within.

Est. Cost – Identifies the estimated project cost.

City/County – Identifies city or county.

MYP Years Past – Identifies the number of years a project has appeared in the multi-year program. FY 2022-2027 is year one.

MYP Years Current – Identifies projects scheduled for FY 2022 and those scheduled for FY 2023-2027.

Project footnotes denote special fund sources, participation requirements and other important, project-specific information.
