

# TRANSFORMING TRANSPORTATION

# FISCAL YEAR 2015

PROPOSED IMPROVEMENTS FOR ILLINOIS HIGHWAYS

# F O R T O M O R R O W

## Introduction

The Illinois Department of Transportation (IDOT) is pleased to present the Fiscal Year 2015 Highway Improvement Program. The publication presents a more detailed account of the FY 2015 highway program element presented in the department's Fiscal Year 2015-2020 Proposed Multi-Modal Transportation Improvement Program, which was published in April 2014. This document is designed to provide an overview of the program as well as a current listing of all projects to inform the general public and aid local transportation stakeholders and business partners in specific planning activities.

The FY 2015 Highway Improvement Program may also be found on the Internet at [www.dot.il.gov/ahip2015/web/hwyimprov.htm](http://www.dot.il.gov/ahip2015/web/hwyimprov.htm).

## Program Summary

The Fiscal Year 2015 Highway Improvement Program provides \$1.839 billion of the \$8.609 billion included for highways in the FY 2015-2020 Proposed Multi-Modal Transportation Improvement Program. This spring the General Assembly passed an additional \$1 billion of bond funding for highway projects that are included in the FY 2015 Highway Improvement Program. In addition, included are projects totaling \$104 million that use appropriations from previous fiscal years and are scheduled to be implemented in FY 2015. As a result, the FY 2015 Highway Improvement Program totals \$2.971 billion.

The FY 2015 program is financed by an estimated \$1.296 billion of federal funds, \$1.593 billion of state funds including bonds and \$82 million of local funds. Nearly \$2.358 billion is for projects on the state highway system and \$613 million is for projects on local streets and highway systems.

A total of 1,274 miles of highways and 184 bridges will be improved or constructed through the FY 2015 program. Safety and traffic improvements at 78 locations are scheduled.

## State Program

The FY 2015 Highway Improvement Program includes \$2.358 billion for improvements on the state highway system. This investment allows for 1,132 miles of roadway to be improved or added to the existing highway system along with 102 bridge improvements and 69 intersection and spot

improvements. Of the \$2.358 billion state program, included is funding from three Capital Program initiatives. In 2009, the Jump Start Capital Plan and the Illinois Jobs Now! Program were signed into law. The Jump Start Capital Plan authorized \$2 billion in bonds for state highways and bridges. Of this amount, \$25 million is included in the FY 2015 program. The Jump Start Capital Plan addresses the state's deteriorating condition of state roads and bridges. The second initiative is the Illinois Jobs Now! Program which included an additional \$3.064 billion of bonds for highways to address congestion mitigation needs in urban areas and provide for economic development opportunities statewide. The FY 2015 program includes \$115 million of Illinois Jobs Now! funding.

The most recent Capital Program initiative is the 2014 Capital Program. The 2014 Capital Program provides \$1.0 billion of bonds for state highways and bridges. The majority of these projects are scheduled to be implemented this summer.

The FY 2015 State Program focuses on four vital elements at a total cost of \$2.358 billion for the state highway system with roadway safety as an overarching goal. IDOT strives to effectively maintain the state's current highways and bridges. The Jump Start Capital Plan and the 2014 Capital Program facilitated the maintenance of the existing highway system. The Illinois Jobs Now! Program provides additional funding for larger dollar projects that focus on congestion mitigation and system expansion.

### THESE VITAL ELEMENTS ARE:

- **System Maintenance**, including reconstruction, resurfacing/widening, and safety projects (56 percent).
- **Bridge Maintenance**, including bridge replacement and rehabilitation projects, and minor structure repairs (20 percent).
- **Congestion Mitigation**, including major projects that reduce traffic congestion in urban areas, and other improvements that improve traffic flow (12 percent).
- **System Expansion**, including new roads and other improvements that increase access and promote economic development (12 percent).

## Interstate

The Interstate Highway System in Illinois is the third most extensive in the nation at 2,182 miles including tollways and was completed during 1988. The earliest constructed interstate segments in Illinois are more than 58 years old and require significant investment to maintain.

The FY 2015 interstate program provides \$846.9 million of improvements to 311 miles of the interstate highway system using federal and state funding. Included in the interstate work are 31 bridge improvements and three intersection and spot improvements.

### **SIGNIFICANT INTERSTATE PROJECTS PROGRAMMED IN FY 2015 INCLUDE:**

- Rubblization of 41.4 miles on Interstate 57 from Perks Road 1.2 miles south of Union County Line to south of Old Illinois 13 in Marion at a cost of \$60.6 million (partially funded through 2014 Capital Program).
- Resurfacing of 21.8 miles and cold milling on Interstate 80 from 0.5 miles west of Illinois 82 to Bureau County Line in Annawan, Atkinson and Geneseo at a cost of \$21 million (2014 Capital Program).
- Resurfacing of 8.0 miles and bridge replacement on Interstate 57 from 2.4 miles north of US 24 to 0.6 miles north of Illinois 116 in Ashkum at a cost of \$22.3 million (2014 Capital Program).
- Resurfacing of 10.2 miles and guardrail on Interstate 74 from Illinois 49 (N) to US 150 west of Danville at a cost of \$12.7 million (2014 Capital Program).

- Resurfacing of 16.4 miles, patching, drainage and guardrail on Interstate 55 from 0.3 miles north of Illinois 10 to McLean County Line and Interstate 155 from Interstate 55 to 0.9 miles north at a cost of \$26.2 million (2014 Capital Program).
- Rubblization of 8.0 miles, bridge new deck and rip rap on Interstate 70 from 2.0 miles west of St. Elmo to abandoned railroad bridge at Altamont at a cost of \$34.4 million (2014 Capital Program).
- Reconstruction of 3.5 miles, bridge replacement, lighting, signing, retaining wall, construction engineering, engineering plans and land acquisition on Interstate 55 (Stevenson Expressway) from Interstate 94 (Dan Ryan Expressway) to US 41 (Lake Shore Drive) in Chicago at a cost of \$111.1 million (partially funded through 2014 Capital Program).

## Major Construction

The major construction category includes improvements that address traffic congestion and include high-cost projects. These types of improvements include items such as relocation, new construction, additional lanes, reconstruction and new location projects. The FY 2015 Highway Improvement Program includes 14 miles of roadway to be improved or added to the existing highway system with three bridge improvements and eight intersection and spot improvements. The major construction improvements total \$249.4 million.

## MAJOR CONSTRUCTION PROJECTS PROGRAMMED IN FY 2015 INCLUDE:

- Bridge replacement, intersection improvement, retaining wall, construction engineering, land acquisition and utility adjustment on US 41 (Skokie Highway) at Illinois 132 under C&NW Railroad at a cost of \$19.5 million (2014 Capital Program).
- Construction of additional lanes of 2.6 miles, reconstruction, intersection improvement, culvert replacement, retaining wall and utility adjustment on Illinois 5 (John Deere Road) from 0.2 miles west of 38th Street to 0.3 miles east of 70th Street in Moline at a cost of \$48.3 million (Illinois Jobs Now! Program).
- New bridge, additional ramps, bridge widening and retaining wall on Interstate 55/64 from the MLK (Eastbound) Bridge to Interstate 55/64 (Westbound) in East St. Louis at a cost of \$27 million.
- Construction of additional lanes of 3.5 miles, reconstruction, curb and gutter, storm sewer, construction engineering, land acquisition and utility adjustment on US 34 from Illinois 47 to Orchard Road west of Oswego at a cost of \$35.1 million (Illinois Jobs Now! Program and SAFETEA-LU National Corridor Infrastructure Improvement funding).
- Reconstruction of 2.0 miles, railroad crossing improvement and utility adjustment on Illinois 2 from Riverside Boulevard to Auburn Street in Rockford at a cost of \$29 million (Illinois Jobs Now! Program).

## Resurfacing

The resurfacing included in the FY 2015 Highway Improvement Program totals \$351.1 million and improves 709 miles statewide. This category includes improvements such as urban and rural resurfacing, widening and resurfacing and surface maintenance.

## MAJOR RESURFACING PROJECTS PROGRAMMED IN FY 2015 INCLUDE:

- Resurfacing of 8.5 miles, new shoulders, culvert replacement, intersection improvement, safety improvements and utility adjustment on Illinois 47 from US 136 to Interstate 74 at Mahomet at a cost of \$7.1 million.
- Widening and resurfacing of 6.0 miles, land acquisition and utility adjustment on Illinois 3 from 0.1 miles north of Grafton Hills Drive in Grafton to Illinois 109 at a cost of \$13.9 million (2014 Capital Program).
- Resurfacing of 5.3 miles on Illinois 83 from Illinois 56 (Butterfield Road) to 0.3 miles north of Knollwood Road in DuPage County at a cost of \$7 million (2014 Capital Program).
- Resurfacing of 14.3 miles on Illinois 40 from Adams Street in Milledgeville to 0.1 miles north of Lynn Boulevard in Sterling and on Pilgrim Road from Main Street in Coleta to Illinois 40 at a cost of \$4 million (2014 Capital Program) (2014 Capital Program).
- Resurfacing and cold milling of 11.9 miles on Illinois 40 from Interstate 80 to Illinois 92 in Bureau County at a cost of \$3.8 million (2014 Capital Program).
- Resurfacing of 6.1 miles on US 45 from south of Tanner Street in Rantoul to 1.5 miles south of Thomasboro at a cost of \$9 million (2014 Capital Program).
- Resurfacing of 12.9 miles on Illinois 128 from Shelby County Line to US 40 at a cost of \$5.4 million (2014 Capital Program).

## Bridge Work

The bridge category includes new bridges, bridge replacement, bridge rehabilitation and bridge repair. There are 66 stand-alone bridges programmed for bridge replacement, rehabilitation or new construction totaling \$314.6 million in the FY 2015 Highway Improvement Program. Included is \$19 million for bridge preventive maintenance, accelerated bridge construction and bridge painting.

### SIGNIFICANT BRIDGE PROJECTS PROGRAMMED IN FY 2015 INCLUDE:

- Bridge rehabilitation and bikeway on Illinois 40 from the Hennepin Canal Feeder 0.5 miles south of US 30 in Whiteside County at a cost of \$4.2 million.
- Bridge rehabilitation and new deck on Illinois Avenue over the MLK Bridge in East St. Louis at a cost of \$15 million.
- Bridge replacement on Illinois 127 over the Beaucoup Creek 2 miles south of Illinois 4 in Jackson County at a cost of \$5.5 million (2014 Capital Program).
- Engineering for design, location and environmental studies for bridge replacement on US 150 (War Memorial Drive) over the Illinois River in Peoria at a cost of \$7.8 million.
- Bridge rehabilitation, bridge replacement, bridge widening, auxiliary lanes, retaining wall, ramp modifications, lighting, signing, construction engineering and utility adjustment on Illinois 171 (Archer Avenue) from 47th Street to 55th Street Bridge Complex at Interstate 55 in Summit, Lyons and McCook at a cost of \$86.1 million (2014 Capital Program).

- Bridge replacement, bridge approach roadway and construction engineering on Illinois 89 over the BNSF Railroad and Crows Creek 4.8 miles south of Illinois 17 in Marshall County at a cost of \$6.4 million.
- Bridge replacement, new roadway, new bridges, bridge rehabilitation, retaining wall, resurfacing, turn lanes and utility adjustment on Illinois 104 over the Illinois River Bridge from 0.2 miles west of Illinois 99 to 0.1 miles east of Morgan Street in Meredosia and on Illinois 99 from the McKee Drainage Ditch to Illinois 104 at a cost of \$65 million.

## Selected Principal Arterial Corridors

This category involves highway improvements for economic development and/or expansion necessary to address congestion. The FY 2015 Highway Improvement Program includes \$257.1 million for these improvements. The improvements include major construction items such as additional lanes, reconstruction or new location. Two bridges and 12 miles are being improved along these corridors.

### SIGNIFICANT PRINCIPAL ARTERIAL PROJECTS PROGRAMMED IN FY 2015 INCLUDE:

- Engineering project managers, engineering surveys for right-of-way, railroad relocation, wetland mitigation, engineering for contract plans, construction engineering, bidder stipends and utility adjustments for the Illiana Expressway from Interstate 55 in Will County to Interstate 65 in Lake County, Indiana at a cost of \$189.6 million.

- Continuation of engineering for the bridge replacement on Illinois 29 under the BNSF Railroad north of Chillicothe at a cost of \$0.4 million.
- Continuation of engineering for US 34 from Carman Road to west of Township Road 111 (Bogus Hollow) in Henderson County at a cost of \$1.2 million.
- Construction of additional lanes of 7.2 miles, reconstruction, culvert replacement, construction engineering and utility adjustment on Illinois 47 from Caton Farm Road to Sherril Road in Kendall County at a cost of \$65.3 million (SAFETEA-LU National Corridor Infrastructure Improvement funding) .

## Traffic and Safety Improvements

The traffic and safety improvements programmed in the FY 2015 Highway Improvement Program total \$112.6 million for 54 intersection and spot improvements. Traffic and safety improvements include items such as signal work, intersection improvement and railroad crossing work. During FY 2015, \$65.8 million is included in the state program for safety projects at high-accident locations. Federal funding is provided from a set-aside of Highway Safety Improvement Program funds for railroad protection. Included in the program is \$4.1 million for state improvements on railroad crossings.

### SIGNIFICANT TRAFFIC AND SAFETY PROJECTS PROGRAMMED IN FY 2015 INCLUDE:

- Resurfacing of 1.4 miles and turn lanes on Illinois 16 at Harrison Avenue east of Charleston at a cost of \$3 million.

- Vertical realignment, intersection improvement and culvert replacement on Old Route 13 from Division Street to 2.0 miles east and on North Wolf Creek Road from 0.3 miles north of Old Route 13 to 0.5 miles south of Old Route 13 in Carterville at a cost of \$1.4 million.
- Intersection improvement and construction engineering on US 30 at Dugan Road in Sugar Grove at a cost of \$4 million.
- Intersection reconstruction, traffic signal installation, channelization and land acquisition on Illinois 47 at Plato Road in Kane County at a cost of \$3 million.
- Intersection reconstruction, land acquisition and utility adjustment on US 6 at Illinois 84 west of Colona at a cost of \$3.8 million.
- Bi-direct left turn lane on Illinois 116 from North Carole Street in Hanna City to east of Greengold Road at a cost of \$3.1 million.

## Statewide and Various Projects

The FY 2015 Highway Improvement Program includes \$226.3 million for statewide and various projects.

### THE STATEWIDE PROJECTS TOTAL \$193.2 MILLION AND PROVIDE FUNDING FOR:

- Illinois Broadband Connections at a cost of \$3 million
- Traffic control improvements
- Contract maintenance which includes intermittent resurfacing, crack and joint sealing, bridge repairs and other roadway-related improvements that are performed by non-state forces

- Emergency road and bridge repairs
- Federally authorized Equal Employment Opportunity training programs and support services
- Economic Development Program providing highway improvements to provide access to new or expanding industrial and manufacturing developments
- National Recreational Trails Program
- Environmental studies
- Engineering for various work statewide

The remaining \$33.1 million is for various engineering, land acquisition and smaller improvement projects that will be identified throughout the fiscal year.

## Local Program

The FY 2015 Highway Improvement Program includes improvements on local streets and highways utilizing federal funds. A portion of the federal funding is allocated based on population to local agencies throughout the state. The local program provides \$613 million to fund improvements on 142 miles of roadway and 82 bridges along with nine traffic and safety improvements. In addition, \$7 million is included in the program to help local governments upgrade designated truck routes.

In addition, the FY 2015 Highway Improvement Program provides \$50.8 million of state funds specifically to assist local governments. Local benefits include \$10 million for needy townships, \$4 million for high-growth cities, \$21.8 million to counties under 1,000,000 in population and \$15 million for the local township bridge program. The projects listed in this document do not include the \$50.8 million that will be allocated to local governments by formula.

Approximately \$ 607.5 million of state motor fuel tax funds will be directly distributed to municipalities, counties and townships for administration and the repair of local roads and bridges during FY 2015. This distribution is in addition to the \$2.971 billion highway improvement program.

The 2014 Capital Bill Program also provided \$100 million for local governments to use on MFT eligible projects. The \$100 million is not included the annual program and will be distributed to the local governments by the same formula as their regular MFT funds.

## Guide to the Project Listing

The projects included in the FY 2015 program are grouped by State Highway District. Within each District, projects are listed under six headings.

- State Construction
- State Engineering
- State Land Acquisition
- Local Construction
- Local Engineering
- Local Land Acquisition

Individual projects are listed within these six headings in descending route marking order, i.e., Interstate, US, Illinois, and other. Each project's type of funding is identified by eligibility with symbols; the symbols and their funding categories are shown in Table 1. Projects in some categories, such as rail-road-highway grade crossing safety and some statewide and districtwide items, will be identified and selected during the fiscal year. A glossary with abbreviations is listed in Table 2.
